27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 4122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.

G. K. SEN, *Offg. Principal.*

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated along the Kankurgachi Chord line, Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 12 o'clock on Monday, the 7th July 1913, corresponding with the 23rd Ashar B S. at Alipore.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the Railway boundary, or plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

RESOLUTION ON THE BUDGET ESTIMATE OF THE HOWRAH BRIDGE FOR THE YEAR 1913-14.

1774Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 29th May 1913.

RESOLUTION.

READ—

Letter from the Vice-Chairman, Port Commissioners, Calcutta, No. 12800, dated the 31st March 1913, submitting the budget estimate of the Howrah Bridge for the year 1913-14.

Receipts.—The receipts for the year 1913-14 are estimated at Rs. 2,49,738 against Rs. 2,18,950, the estimate of the previous year. The expected increase

is due to larger receipts anticipated during the year from the terminal fee levied on the East Indian Railway goods traffic, which forms the bulk of the earnings of the Bridge.

2. *Expenditure.*—The expenditure is estimated at Rs. 2,15,122 against the estimate of Rs. 2,15,650 of the previous year.

3. The year is expected to close with a surplus of Rs. 34,616, which, if realised, will be added to the Reserve Fund of the Bridge. This fund, together with the Pontoon Renewal Fund, is invested in public securities and now stands at Rs. 6,18,500 (nominal value).

4. The Governor in Council accepts the estimate under section 21 of the Howrah Bridge Act, 1871.

By order of the Governor in Council,

B. K. FINNIMORE,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE JAIL DEPARTMENT IN THE PRESIDENCY OF BENGAL FOR THE YEAR 1912.

POLITICAL DEPARTMENT.

JAILS.

DARJEELING, THE 30TH MAY 1913.

RESOLUTION No. 1384P.—D.

READ—

The Report on the Administration of the Jail Department in the Presidency of Bengal for the year 1912.

READ also—

The Reports for the years 1911 and 1910 and the Resolutions of Government recorded thereon.

Among the more noticeable features of the year's administration may be mentioned a further decrease in the daily average strength of the prisoners of all classes confined in jail. This is the continued effect of the release of convicts and civil prisoners on the occasion of the celebration of the Imperial Durbar at Delhi on the 12th December 1911. By the close of the year, however, the number of prisoners in confinement had increased by 498 ; and the number of reconvicted prisoners rose from 3,181 to 3,771, with a corresponding increase from 15·5 to 16·3 in the ratio per cent. to the total number of convicts admitted. It is satisfactory to note however that the number of convicts whipped during the year declined to 45 from 85 in 1911, and that the ratio of whippings to total punishments fell from 0·41 to 0·20. The "Star class" system of dealing with juvenile prisoners in the Juvenile Jail at Alipore has continued to work well. There are no convict officers : all the juvenile prisoners are in charge of paid warders, but well-behaved boys are selected to form the "Star class"; and when they have continued to behave well in this class, they are made monitors, and are then permitted to enjoy certain small but appreciated privileges,—visits from friends, letters, and remission of sentence : in addition a gratuity is given to each youth on release, calculated on the number of years he has spent in the "Star class." With a view to provide for the proper treatment of juvenile offenders before conviction, the question of the constitution of a separate Children's Court for Calcutta has been considered by a Committee presided over by the Commissioner of Police. The report of the Committee has been received and is now under examination.

2. The statistics of sickness and mortality show that many improvements are needed to bring the jails of the Presidency, and especially the jails of the eastern districts, up to a reasonable standard of good health. The ratio of sickness of all classes was higher than it has been during the last four years ; and the death-rate, though now only 21·7 as compared with 25·6 in 1908, is still comparatively high. It must be remembered, however, that most of the districts comprising the Presidency are very malarious, and some of them notoriously unhealthy ; and the Governor in Council agrees with the Inspector-General that a rapid improvement cannot be expected. There was a marked falling off in the number of admissions and deaths from dysentery ; but in many of the eastern districts, where the general health is poor, this disease still remains the scourge of the jails. For some years it has prevailed so seriously in the jails at Barisal, Faridpur, Dacca, Rangpur and Jalpaiguri, that the Governor in Council felt constrained to apply to the Government of India for the services of an expert bacteriologist from the Central Research Institute to inquire into and report on the prevalence in these jails of the various types of dysentery, and to make recommendations for the prevention of this fatal disease. Captain J. Cunningham, I.M.S., has now commenced this investigation.

3. The question of accommodation has an important bearing on the health of the jail population, and the Governor in Council is gratified to observe that, while many jails were occupied to their full capacity, there was less overcrowding than in previous years. The available accommodation, however, provides a very small margin for emergencies, or even for the natural increase of population ; and the possibility of overcrowding in the near future cannot be overlooked. Many of the subsidiary jails are in a continuous state of overcrowding ; and plans and estimates are being prepared for enlarging several of them to meet present day needs. The Governor in Council views with considerable satisfaction the energetic measures taken by the Inspector-General of Prisons in introducing a considerable number of sanitary and other improvements, especially into the most unhealthy jails. Another important factor in the health of a jail is the character and ability of the medical subordinate who is in direct charge of all the medical and sanitary arrangements, and the Inspector-General of Prisons is of opinion that these officers are changed so frequently as to render exceedingly difficult any continuous policy of systematic improvements in the jails. He suggests that they should be seconded for jail work for three or five years, and that after that period they should revert to the Medical Department and not be employed again in jail hospitals. In his opinion such a change is necessary to secure the satisfactory medical supervision of the jails in Bengal, and would be welcomed by the officers themselves. The Governor in Council will be glad to receive a detailed report on this subject from the Inspector-General.

4. Recently the Government of India expressed their approval of the efforts of the Prisoners' Aid Society in providing some means of subsistence for prisoners on release from jail. The Government of Bengal also have taken an active interest in furthering the objects of the Society, and have endeavoured as far as possible to supply the Society with work from the Bengal Secretariat and Presidency Jail Presses. The Society has special arrangements for employing discharged prisoners on book-binding, and it has been decided that book-binding work to the value of Rs. 250 a month should be provided for the Society by the Bengal jails. Negotiations are also in progress for the acquisition by the Society of a plot of Government land to enable the Society to erect suitable buildings for book-binding and other work. The possibility of extending the range of the operations of the Society must to a large extent depend on a more active interest in its work on the part of the non-official community. His Excellency in Council desires specially to acknowledge the continued devotion of the Hon'ble Mr. Justice Stephen to the work of the Society.

5. The Governor in Council is gratified to observe that the position of affairs in regard to jail manufactures shows some improvement. All sections of the Manufacturing Department of the Alipore Central Jail were kept busy during the year : the removal of the Press plant and machinery from the old Presidency Jail to the New Central Jail has been completed ; several new machines were obtained from England and erected during the year ; and the Press is now well equipped in suitable premises. The value of the goods disposed of by the Jail Depôt has surpassed all previous records ; but the Inspector-General of Prisons continues to urge that the Depôt does not receive the support that it ought to receive from other departments of Government. He suggests that all consuming departments of Government should be directed to obtain all their requirements from the Depôt so far as the Depôt can supply them. The Governor in Council is in general agreement with the Inspector-General in this matter. All consuming departments of Government will be instructed to place their orders, where possible, with the Jail Department. The work of distributing the quinine products of the Government Cinchona Factory, which was undertaken by the Juvenile Jail from the 1st October 1911, was continued ; and 20,000 lbs. were sold. It has been decided to introduce the system of distribution of quinine in treatment form in Bengal on the lines formerly in vogue in Eastern Bengal ; and arrangements are being made by the Inspector-General to have these treatments made up and supplied by the Alipore Central Jail.

6. During the year the Inspector-General requested Superintendents of Jails to consider the question of the adoption of Major McCay's proposals for improving the dietary of Bengali prisoners. In the opinion of the Inspector-General the diet scale proposed by Major McCay is better and more nutritious than the existing scale; but the fact that the improved diet is less bulky and does not leave the same feeling of repletion causes it to be generally unpopular. It was however introduced as a voluntary diet, and has been adopted by a considerable number of prisoners. The Governor in Council will continue to watch this experiment with interest.

7. The urgent necessity of improving the Warder Service has been mentioned in the Resolutions on the reports for the last two years; and the increasing unpopularity of the service is apparent from the facts disclosed in the Inspector-General's report. The greatest difficulty has been experienced in getting recruits, especially for the New Central Jail and the Central Jail at Alipore. The number of resignations has doubled, chiefly at these two Calcutta Central Jails. At Alipore 25 and at the New Central Jail 23 resigned as against 6 and 5 respectively in the previous year. The Inspector-General of Prisons has given detailed reasons for this unfortunate state of affairs, the chief of which are the increased demand for this class of men, especially in and near Calcutta, the superior attractions of the police force, the rise in the cost of living, and the unattractive nature of the duties and the confined life.

The Inspector-General again urges the necessity of giving to all grades of warders pensions, which are at present earned only by head warders, who have usually 12 to 15 years' service when they are appointed to that rank and begin to earn pension. He is of opinion that the grant of a pension would do more to allay discontent and provide recruits than any other single concession. For the reasons stated in the Resolution on the Bengal Report for 1910, the Governor in Council regards for the present as impracticable the suggestion to make the Warder Service pensionable. But further ameliorations in the terms of the Warder Service are evidently necessary; and the Governor in Council awaits the report which is being prepared by the Inspector-General of Prisons on the needs of the warders and the assimilation of the conditions of service prevailing under the two different systems now in force in the Presidency.

The Jailors' establishment has not yet been placed on a satisfactory basis, and a scheme for its reorganization has been prepared and submitted for the consideration of the Government of India.

8. The names of the officers who have been commended by the Inspector-General have been noted. The Governor in Council desires to place on record his appreciation of the able manner in which the department has been administered during the year by Lieutenant-Colonel W. J. Buchanan, C.I.E., I.M.S.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered, also, that a copy of this Resolution and a copy of the Report be submitted to the Government of India in the Home Department.

Ordered, also, that the Resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

J. G. CUMMING,

Offg. Chief Secy. to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FOURTH QUARTER OF THE YEAR 1912-13.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE BRANCH (SALT).

Dated Darjeeling, the 26th May 1913.

THE following report on the state of the salt market for the fourth quarter of the year 1912-13, comprising the months of January, February and March 1913, in the Presidency of Bengal, is published for general information.

2. The quantity of salt of every description cleared during the quarter amounted to 3,834,619 maunds (including 2,406.029 maunds issued under the credit system), as compared with 3,656,230 maunds (including 1,985,427 maunds issued under the credit system) in the previous quarter and 3,572,010 maunds (including 1,312,059 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 28,88,533 (including Rs. 17,13,010 adjusted under the credit system), as against Rs. 29,44,551 (including Rs. 15,14,254 adjusted under the credit system) in the previous quarter, and Rs. 31,25,138 (including Rs. 11,15,973 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, compared with the figures of the corresponding quarters of the two previous years :—

* Inclusive of 2,406,029 maunds of salt issued under the credit system. Besides this quantity, 19,510 maunds of salt were issued under the credit system to inland bonded warehouses

Compared with the corresponding quarter of the previous year and the same quarter of 1910-11, importations were greater by 4·7 per cent. and 5·9 per cent., respectively, and clearances were greater by 5·1 and 4·2 per cent. As compared with the corresponding period of the previous year, the increased imports from Aden, Port Said and Bombay and the decreased imports from the United Kingdom, Salif, Spain and Hamburg and Bremen are especially noticeable.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the preceding four quarters :—

The stocks remaining in the *golas* at the close of the quarter were greater than those of the previous quarter and the corresponding quarter of the previous year, but less than those of the quarter June to September 1912.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 273 maunds, as against 883 maunds in the previous quarter and 622 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 180 maunds, as compared with 102 maunds in the previous quarter and 240 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 11 300 tons. It is reported that the vessels named in the margin are on the sea bound for Calcutta with cargoes of salt from Hamburg and Bremen. The quantity given against each ship is approximate only.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 2nd June 1913.

Summary.—During the week under review rain fell all over the Province. The fall was heavy in places in Jalpaiguri, Bakarganj, Chittagong and Tippera and generally light to moderate elsewhere. Sowings of jute and other *bhadoi* crops are nearly finished in the Eastern districts and are progressing briskly in the Western districts. Weeding continues. The prospects of standing crops are favourable. The average price of common rice for the province has risen by about 1 per cent. as compared with that of the previous week. Stocks of food-grains are reported to be short in the Chittagong Hill Tracts and agricultural loans are being distributed. Scarcity of fodder and water is still reported from parts of Midnapore and Tippera. Cattle-disease prevails in eight districts.

DECLARATION.

No. 3067.—The 7th June 1913.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Salanpur Branch siding as lies in the Lal Bazar mauza and as lies between mile 144, furlong 5, feet 419 and mile 144, furlong 7, feet 282, and as is edged with pink on the plan L.A.M.A. No. 214, and whereas coal mines are situate under the said land, and whereas Messrs. F. W. Heilgers & Brothers have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Lal Bazar seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. F. W. Heilgers & Brothers have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Burdwan.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Messrs. F. W. Heilgers & Brothers in the manner and subject to the restrictions below specified, viz.:—

(*a*) No gallery shall be driven and no coal shall be extracted where the distance from the natural surface of the ground to the top of the gallery, if driven, is under 50 feet.

(*b*) Where the distance from the natural surface of the ground to the top of the gallery, if driven, is 50 feet or more, galleries may be driven not exceeding 12 feet in height by 12 feet in width, at distances apart not less than 50 feet, centre to centre, forming pillars not less than 38 feet square to be left unworked for the support of the acquired land.

(*c*) Manholes not exceeding six feet in height by three feet in width by four feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.

(*d*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(*e*) These restrictions apply to the Lal Bazar seam only and to the area edged with pink on the plan, and Messrs. F. W. Heilgers & Brothers shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land.

The plan marked L.A.M.A. No. 214, signed by the Chief Inspector of Mines, may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

SENATE HOUSE,
The 7th June 1913.

P. BRÜHL,
Offg. Registrar.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates but in a liberal manner.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, and Banking and Currency, ending annually in Commercial Course Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists or Book-keepers, and of gaining an intelligent insight into the economical, financial or legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial firms or in Government offices generally, and who, if he is destined for commercial life and is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, has the makings of a more useful assistant aspiring to be a businessman.

THE DAY COURSE.

4. There are two day classes, a first-year class and a second-year class For the students of these classes the following course of study is prescribed:—

(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.

(2) Arithmetic, including commercial and mental arithmetic.

(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.

(4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.

(5) Commercial Geography.

5. Arrangements are made to enable those students who may wish to do so to take up two or all of the following subjects, namely, book-keeping, shorthand-writing and typewriting.

6. *English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

7. *Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis* in Bengali of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed. and *vice versâ*.

8. *Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, and "A School Economic Atlas" by J. G. Bartholomew.

9. *Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

10. *Shorthand.*—During the first year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor' is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

11. *Typewriting.*—The 'Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. Dexterous students are found capable of attaining the maximum speed prescribed for the examination, viz., 55 words per minute. The intermediate standard of speed test is 40 words per minute. They have also to pass a tabulating examination corresponding to each speed test.

12. *Book keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have a satisfactory grounding in English and Arithmetic. In this course there is taught a Double Entry system with simple accounts and commercial transactions. Students are taught to open and keep the following books: Journal, Purchase Day Book, Sales Day Book, Cash Book, Bill Book and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and preparation of Balance Sheet and Profit and Loss Accounts.

13. The fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

14. The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

15. The session begins annually about the end of June and closes about the middle of April. The usual Autumn and Christmas holidays are given.

16. Candidates who have passed the "C" class examination of high schools or the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a

preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

17. Graduates and Intermediates may be admitted in the second-year class, provided they take up only Typewriting among the subjects mentioned in section (4), paragraph 4. They may be allowed to take up Shorthand or Book-keeping, provided they have sufficient knowledge in Shorthand or Book-keeping, as the case may be.

18. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

19. There are at present Evening classes for the following subjects: Shorthand-writing, Typewriting and Book-keeping.

20. If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees arepaid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Modern English.

21. A student may be a member of one or more classes at his option.

22. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

23. *Typewriting.*—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

24. *Book-keeping.*—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(*a*) In the first-year class, ending with the Commercial Course Special Examination in Elementary Book-keeping, the course is similar to that prescribed for the day course.

(*b*) In the second-year class ending in the Commercial Course Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are

dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

25. Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

26. *Examinations.*—The following examinations are held annually in April :—

(1) The Commercial Course Final Examination.
(2) A Special Examination in Mercantile Law.
(3) Ditto ditto Banking and Currency.
(4) Ditto ditto Outline of Political Economy.
(5) Ditto ditto Annuities and Insurance.
(6) Ditto ditto Modern English.
(7) Ditto ditto Book-keeping (Elementary).
(8) Ditto ditto Book-keeping (Advanced)
(9) Ditto ditto Shorthand-writing.
(10) Ditto ditto Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination.

27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 4122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated along the Kankurgachi Chord line, Eastern Bengal State Railway, in the district of 24-Parganas, will be put up to sale at 12 o'clock on Monday, the 7th July 1913, corresponding with the 23rd Ashar B S. at Alipore.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the Railway boundary, or plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Consecutive lot No.	Name of district.	Pargana and mauza.	Number of mile on which land is situate.	Situated on which side of the railway.	Approximate area of lot in bighas and in acres. B. K. C. ADMINISTRATOR-GENERAL.

Notice of Deaths sent to the Administrator-General of Bengal under section 64 of Act II of 1874.

Name of deceased.	Place of death.	Date of death.	By whom death reported, and when.	REMARKS
Harry Campbell Norman, Professor, Queen's College, Benares.	Benares	11th April 1913 ...	District Judge, Benares, on 19th April 1913.	Steps are being taken by the Administrator-General to deal with the estate, and the beneficiaries have been written to.
James Hunt Broughton of the Cawnpore Agency, Simla.	Simla	21st ,, ,, ...	District Judge, Simla, on 15th May 1913.	No Will has been found. It is reported that the deceased's son-in-law, Mr. G. M. Turner, intends to apply for Letter of Administration to the estate, and the position has been explained to the District Judge.
Jones Herbert Payne, *ex*-Permanent-way Inspector, G. I. P. Railway.	.....	14th March ,, ...	District Judge, Cawnpore, on 13th May 1913.	No Will found. The Administrator-General has called for full particulars as to assets, etc., from the District Judge.
Antomith Pallam, an Italian ...	General Hospital, Howrah.	21st Nov. 1912 ...	District Judge of Hooghly, on 6th May 1913.	No Will left. The assets of the estate consisting of jewellery and clothes and not exceeding Rs. 40 to Rs. 50 in value are in the possession of one Mrs. Irwa, who has gone to England. And under the circumstances it has been explained that it does not appear what good can be gained by the Administrator-General interfering.
G. W. Owens, a guard on the E. B. S. Railway.	Lalmonirhat ...	9th Aug. ,, ...	District Judge of Rangpur on 25th April 1913.	The deceased is said to have left a Will, of which one Kiranbala is said to be the universal legatee. Further information has been called for.
Mrs. Julia Oakey	Berenag	5th Feb. ,, ...	Commissioner, Kumaon Division, Naini-Tal, on 22nd April 1913.	The value of the estate is very small, and it has not been thought advisable to interfere.
Mr. Thomas Morton, Covenanted Foreman at Kanchrapara.	Presidency General Hospital, Calcutta.	1st May ,, ...	The District Judge, 24-Parganas, on 25th April 1913.	No Will has been found. Steps are being taken by the Administrator-General to administer to the estate at the request of some of the beneficiaries.
Herbert William Gibbs	Mission Hospital, Bannu.	19th Feb. ,, ...	District Judge, Bannu, on 26th March 1913.	It is believed that the deceased left a Will in custody of the Traffic Manager, North-Western Railway, Lahore, to whom a reference has been made. The Administrator-General will take steps to administer to the estate if no will be found and no steps be taken by any of the beneficiaries.

ALEX. KINNEY,

Offg. Administrator-General of Bengal.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

SUBDIVISION OF THE CALCUTTA POLICE COURTS ACCORDING TO TERRITORIAL JURISDICTION.

DARJEELING, THE 4TH JUNE 1913.

RESOLUTION—No. 1553P.D.

READ—

A report by the Chief Presidency Magistrate. No. 2122, dated the 7th October 1910, on the Police Courts buildings.

READ ALSO—

A report by Mr. H. P. Duval, dated the 15th February 1912, on the Presidency Magistrates' Courts.

Letter from the Secretary of the Bar Library, dated the 27th February 1913, and a report by Mr. J. C. K. Peterson, I.C.S., on a scheme for the subdivision of the Calcutta Police Courts.

THE inadequacy of the existing accommodation for the Presidency Magistrates, Calcutta, in the Police Court building at Lal Bazar has for some

years past been the subject of most anxious consideration by the Local Government. Stipendiary Presidency Magistrates have increased in recent years from their original number of two to as many as five, and it has been found altogether impossible to provide accommodation in any way suitable for the Junior Stipendiary Magistrates and for the Honorary Presidency Magistrates who might render valuable assistance if such accommodation were available. Sir Andrew Fraser was of opinion that the Courts were wholly unsuitable; and the late Sir Edward Baker was also convinced that the site of the Courts was in many ways unsuitable and that better accommodation was urgently required. The matter has also been the subject of adverse comment in the Press for a long time past. The Governor in Council is well aware that the present arrangements are seriously inconvenient to all concerned and render the orderly and prompt despatch of business a matter of great difficulty.

2. Before the announcement of the transfer of the Imperial Capital from Calcutta, plans and estimates had been prepared for adding two new court-rooms to the existing building. This extension would have given partial relief, but the scheme did not command the unqualified approval of Government for the following reasons:—

(1) the full requirements of the case would not be satisfied;
(2) the existing building is in many respects quite unsuitable for Police Courts and is located in a confined and noisy situation;
(3) the compound is already unduly congested; and
(4) all the available space and buildings within the compound are urgently required by the Commissioner of Police.

It was recognised that the real solution of the difficulty lay in the entire removal of the Police Courts to another site; and when the transfer of the Government of India from Calcutta offered a reasonable prospect of utilising the accommodation which would thereby become available and of carrying into effect a more complete and satisfactory scheme, the makeshift remedy hitherto under consideration was abandoned. Another scheme was then put forward which was based on the expectation that this Government might obtain possession of the Foreign and Military Secretariat. In that event it was hoped it would be found possible to convert 3, Charnock Place, into the Presidency Magistrates' Courts, though even this spacious building would have proved none too large for the purpose. When, however, it was subsequently ascertained that the Foreign and Military Secretariat would not be available, this proposal also had to be dropped.

3. No stronger evidence of the present unsatisfactory position of affairs and of the urgent necessity of taking some immediate steps to relieve the congestion in the Courts could be found than in the comments contained in the memorial on the subject which has been addressed to Government by the Secretary of the Bar Library in the Police Courts on behalf of the Bar. The memorialists deprecate the removal of any of the Magistrates to other buildings; and the Governor in Council realises that some inconvenience will be caused thereby to members of the legal profession. The memorialists suggest that if the Fire Brigade could be removed from the lower floor of the building the congestion would be greatly relieved and the Courts could then continue in the building for some years until a new Central Court is built. The suggestion is, however, not immediately practicable. It thus appears that the only practical solution of the question, which would afford immediate relief, is to remove one or more of the courts to some other building and to give such new court or courts jurisdiction over all cases coming up from a certain specified area. This is the practice in the Bombay Presidency, where the system is reported to be working successfully. Mr. J. C. K. Peterson, I.C.S., who was placed on special duty to examine the situation in detail and who has studied the question in all its bearings, reports that, in his opinion, no other scheme would meet all the needs of the case.

4. The Government are still of opinion, however, that the Police Courts should be entirely removed from their present situation at Lal Bazar, and that if necessary entirely new buildings should be constructed for their

accommodation; but the question requires further careful consideration, and some time must therefore elapse before a definite decision can be taken. Meanwhile the Governor in Council is anxious that a remedy should be found at once to relieve the physical congestion of the existing courts. A proposal to provide courts for two of the Stipendiary Magistrates and a certain number of Honorary Magistrates elsewhere has been examined by Mr. J. C. K. Peterson, who has reported favourably on the scheme. His Excellency in Council has therefore decided to accept, as an experimental measure, the scheme suggested above and to create two new courts in the Northern and Southern portions of the town respectively. One will be located in a part of the old Duff College building to be presided over by one of the Stipendiary Magistrates, who will have jurisdiction over the First Calcutta Police Division, comprising Shampukur, Kumartoli, Burtolla, Sukea Street and Jora Bagan thanas, besides the Port Police Division I, in the Northern part of the town. The other will be located in a house to be rented in the neighbourhood of the Park Street thana and will be in charge of another Stipendiary Magistrate with jurisdiction over the Third Calcutta Police Division, comprising Fenwick Bazar, Taltolla, Collinga, Park Street, Victoria Terrace and Hastings thanas, and, if necessary, over the Port Police Division III, in the Southern part of the town. These Magistrates will be assisted by the Honorary Magistrates resident within the areas respectively assigned to these courts, and will deal with all police cases and all complaints and applications from these areas. These proposals when carried into effect will leave the Chief Presidency Magistrate free to deal with all cases coming up from the Central part of the town, namely, the Second Calcutta Police Division, comprising Jorasanko, Bara Bazar, Colootolla, Muchipara, Bowbazar, Puddopukur and Waterloo Street thanas, and also from Port Police Division II. The work from these areas will be distributed between the remaining two Magistrates and himself.

5. Effect can be given to these proposed changes by the issue of certain rules framed under section 21 of the Code of Criminal Procedure; and the Governor in Council directs that these changes be made as soon as possible. His Excellency in Council further directs that the working and effect of the scheme be carefully watched and a report thereon submitted by the Commissioner of Police and the Chief Presidency Magistrate, Calcutta, for the consideration of Government after a period of one year.

ORDER.—Ordered that copies of the Resolution be forwarded to all the Departments of this Government, the Commissioner of Police, Calcutta, and the Chief Presidency Magistrate, Calcutta, for information.

Ordered also that the Resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

RESOLUTION REVIEWING THE REPORTS IN THE ADMINISTRATION OF THE CALCUTTA MUNICIPALITY FOR THE YEAR 1909-10, 1910-11 AND 1911-12.

MUNICIPAL DEPARTMENT.

MUNICIPAL.

DARJEELING, THE 6TH JUNE 1913.

RESOLUTION—No. 374T.—M.

READ—

The report on the Municipal Administration of Calcutta for the year 1911-12, together with the reviews of the report recorded by the General Committee and the Corporation.

Read again—

The reports on the Administration of the Calcutta Corporation for the years 1909-10 and 1910-11 and the Government Resolution No. 391 M., dated the 21st February 1910, recorded on the report of the year 1908-09.

THE report for the year 1911-12 was received by Government on the 12th August 1912, and the reviews of it by the General Committee and the Corporation were submitted on the 3rd October and 21st December 1912, respectively. This resolution deals with the operations of the three years ending with the year 1911-12, which is the fourth triennium during which the Municipal Administration of Calcutta has been carried on under the provisions of the Act of 1899. In resolution No. 391 M., dated the 21st February 1910, reference was made to the delay which results from the dual scrutiny of the report, once by the General Committee and again by the Corporation, which is required by section 17 (3) of the Act, and it was remarked that the procedure might advantageously be simplified. The General Committee of the Corporation, in their review of the report for the year 1909-10, suggested that when the Act is amended their review should be discontinued. This suggestion has been noted, and is now being considered in connection with the proposals for the amendment of the Act. It is satisfactory to find that there has been some curtailment in the bulk of the report for 1911-12 by the omission of certain detailed statements, relating to the sinking and other funds, hitherto appended to the Chief Accountant's Departmental report.

2. The most important event of the year 1911-12 was the visit of Their Imperial Majesties the King-Emperor and Queen-Empress to Calcutta, and the Corporation must be congratulated on the share which it took in contributing to the success of that visit. Enormous crowds swarmed into the city to take part in the celebrations, and it is to the credit of the Corporation that the arrangements for dealing with the large influx of people were admirably carried out, and that there was no outbreak of disease. Out of the sum of Rs. 25,000 sanctioned for a casket to be presented to His Imperial Majesty, only Rs. 3,000 was expended and the balance was distributed to local charities in commemoration of the Imperial visit. The triennium has been marked by the passing of the Calcutta Improvement Act, which came into force on the 2nd January 1912. The Corporation is represented on the Board of Trustees, constituted under this Act, by its Chairman, who is an *ex-officio* Trustee, and by three other members, and it is required to contribute towards the finances of the Trust a quarterly payment of a sum equivalent to one-half per cent. on the annual rateable valuation of the city. This amounted in the year 1912-13 to Rs. 7,37,000.

The Royal Commission upon Decentralization made a number of recommendations in respect of the Calcutta Municipality, the most important being

that in which they expressed their opinion in favour of the substitution of the Bombay system of a nominated official Commissioner with an elected Chairman of the Corporation, for the present system of a nominated official Chairman. The suggestions of the Commission are now being considered in connection with the proposals for the amendment of the Calcutta Municipal Act.

3. *Census.*—The census of the population of Calcutta (excluding the suburban areas of Cossipore-Chitpur, Manicktala and Garden Reach), which was taken in March 1911. revealed a total population of 896,067 persons, an increase of 48,271 persons since the census of 1901. It seems, at first sight, somewhat surprising that Calcutta should have increased by only 5·7 per cent. during the decade, when it is remembered that it grew at the rate of 11·4 per cent. between 1881 and 1891 and of 24·3 per cent. between 1891 and 1901. Mr. O'Malley, in his recent report on the census of Calcutta, has pointed out, however, that the expansion in the preceding decade was not altogether so great as would appear from the figures, as the census of 1901 was more complete than that of 1891 and the true rate of increase was less than that actually returned. Great changes moreover have taken place in Calcutta. The reforms which have been carried out by the Bustee Department in the removal and improvement of bustees have reduced the population in the congested areas and driven large numbers to find lodgings in the suburbs outside Calcutta. This has been facilitated further by the schemes for the drainage of the fringe and suburban areas. and by the multiplication and improvement of the means of communication between Calcutta and its environs; the large increase (45 per cent.) which has taken place in the population of the suburban areas is evidence of the material change that has thus taken place in the distribution of the population.

4. *Elections.*—The fourth general election of Ward Commissioners under the present Act was held on the 22nd March 1912. The number of voters rose from 28,202 in 1909 to 35,852, and of votes from 70,201 to 87,135. In only twelve wards were the elections contested, and in these wards the percentage of votes recorded to the total list was only 42. This was lower than the percentage recorded in 1909, but the decrease appears to have been mainly due to the ruling of the High Court to the effect that a firm or joint family is precluded from giving its proxy to any person other than a member of that firm or joint family. This ruling should serve as a check upon the serious abuse which prevailed in the practice of voting by proxies.

5. *Bye-laws.*—Much useful work was done during the triennium in connection with bye-laws, rules and regulations. The amendment of the building regulations, which had been under consideration since the year 1905, was completed in 1909-10. Bye-laws relating to dairies, cattle-sheds, stables, and markets were sanctioned by Government and became law in 1910-11. The leave and acting allowance rules have been amended and have been brought into line with the Government rules. The pension rules have been amended, and Corporation pensioners residing out of India can now draw their pensions monthly instead of quarterly. The working of the theatre bye-laws has been far from satisfactory; prosecutions have been freely instituted for infringement of the rules, but, under section 561 of the Calcutta Municipal Act, a maximum penalty of Rs. 20 only can be imposed under the bye-laws, and a fine even of this amount is altogether inadequate to put a stop to the practice of keeping theatres open after prescribed hours.

6. *Accounts.*—Reference was made in paragraph 6 of the Resolution on the reports for the triennium ending 1908-09 to certain defects connected with the Corporation accounts. In the first place it was pointed out that the Corporation was in the habit of unduly relieving the revenue head at the expense of the capital account. Government has since issued orders directing that when the cost of a work of a permanent nature is comparatively small, and the work itself is self-contained in the sense that it does not form an integral part of a large project, and can be either postponed or carried out at any time without detriment to other works, it should be paid for from current revenue. In this connection instructions have also been issued by Government to the effect that no debit to loan funds will be allowed for the cost of

engineering supervision or for that of any municipal establishment whatsoever other than establishments especially engaged for and employed on the construction of the works for which the loan is raised. It is reported that effect has been given to these orders by the Corporation since 1910-11. A second defect has reference to the valuation of the block of Corporation property, and the accuracy of the balance sheet. It is understood that the valuation of the block was completed during the year 1911-12, and is now under the consideration of the Finance Special Committee. The Governor in Council trusts that the Corporation will come to an early decision in the matter; until this has been done it is not possible to determine exactly the true surplus of the assets of the Corporation over its liabilities.

7. The accounts have been prepared both on the basis of receipts and payments as well as on that of income and expenditure, as decided upon in 1908-09, and the result under each system, compared with that of 1908-09, is shown below :—

	On basis of receipts and payments.	On basis of income and expenditure.
	Rs.	Rs.
Balance on 31st March 1909 ...	+ 5,89,917	- 81,438
Ditto ditto 1912 ...	+26,83,761	+18,34,827

The recurring receipts rose from Rs. 75,82,023 in 1908-09 to Rs. 91,27,640 in 1911-12, or by 20·3 per cent., while the increase in the recurring charges during the same period amounted to Rs. 8,72,101 (Rs. 82,69,662—73,97,561), or nearly 12 per cent. Compared with the results of 1910-11, the growth in the receipts was 5·6 per cent. against an increase in payments of 8·1 per cent. It is claimed by the Corporation that, with a closing balance of nearly Rs. 27 lakhs on the 31st March 1912, their present financial position is exceptionally favourable, and the hope is expressed that the Commissioners will be able to meet the demands of the Improvement Trust without increased taxation at least for the next year or two. The Corporation realize, however, that the outlook for the future is not encouraging. Although there has been a steady increase in the rateable value of the city and, consequently, in the consolidated rate during the last decade, the greater part of the increase is due to revaluation, and it seems probable that the rise in assessment has overtaken the rise in actual value and that a slower rate of increase must be expected in future. There has also been overbuilding in some quarters of the town, and, in the altered circumstances produced by the transfer of the seat of the Imperial Government it may be some time before the demand overtakes the supply. It is too early as yet to gauge definitely the effect of that transfer, but the land market has evinced a feeling of disturbance and uncertainty of which it is necessary to take account. These facts, together with the immediate possibility that the operations of the Improvement Trust may exercise an adverse effect on the income of the municipality, make it unsafe to count on any further rise in the consolidated rate in the early future, although there is probably no real reason to anticipate an actual fall in the municipal revenues.

8. The increase in the balance is due partly to the cessation of the payment of Rs. 4,64,000 per annum on account of a Government loan which was paid off in 1908-09, and partly to the discontinuance of the payment of grain compensation allowance, amounting to Rs 1,40,000 a year, with effect from 1910-11. On the other hand, the percentage of the cost of establishment on the total payments has shown a constant and most serious tendency to increase; from 17·4 in 1909-10 it has gone up to 18·1 in 1910-11 and to 21·6 in 1911-12. This growth in establishment and other recurring charges has not escaped the notice of the General Committee and of the Corporation, and they have declared themselves strongly in favour of a steady policy of retrenchment and economy for some years, without impairing efficiency and without deviating from the policy of gradual improvement to which the Corporation have set themselves. The increase in establishment charges for the year 1911-12 is due to some extent to the creation of the Lighting Department and the amalgamation of the Plague and Health Departments, though in

the case of the Lighting Department the savings effected by the Department cover the cost of establishment and still show a considerable balance. There is, however, a decided upward trend, and the Governor in Council would urge on the Corporation the imperative necessity of translating their declared desire for retrenchment and economy in this matter into early action, and of keeping down such charges to the lowest possible limit.

9. *Loans.*—Excluding a short term loan of Rs. 7,70,000 raised under the Local Authorities Loans Act, the sum borrowed by the Corporation during the triennium ending 1911-12, amounted to Rs. 90,00,000. The Corporation applied for a loan of Rs. 40 lakhs in 1911-12, but this Government questioned their ability to finance a loan of such large amount, and recommended to the Government of India that a loan of Rs. 25 lakhs only should be sanctioned. The Government of India, however, withheld sanction to the loan until the Corporation, by a thorough examination of their position, particularly with reference to the probable influence of the change of Capital upon the taxable capacity of Calcutta, were able to show that they would be able to raise their nominal surplus to a figure which would cover their contribution to the Improvement Trust, and leave a sufficient margin for the services of the fresh loans proposed and for an adequate payment to the Sinking Fund. The net indebtedness of the Corporation on the 31st March 1912, excluding the amount held in the Sinking Fund, was Rs. 4,38,63,133 against Rs. 3,77,79,704 on the 31st March 1909, representing an increase of Rs. 60,83,429 during the present triennium, against an increase of about 26 lakhs during the previous three years.

10. The financial position of the Sinking Fund of the Corporation has been the subject of much discussion during the three years under review. Under section 133 of the Calcutta Municipal Act, 1899, the Corporation contribute to the Sinking Fund a sum representing one per cent. per annum on the unrepaid balance of all moneys borrowed on debentures issued after the 1st April 1881. This Sinking Fund is one single Fund, and only one separate account is kept—comprising payments into the Fund and the accumulations on account of all loans floated since 1881. No separate accounts are maintained for the Sinking Fund transactions relating to each individual loan. Since 1881 a period of 30 years has been the maximum and ordinary term of these municipal loans, but in certain instances shorter periods have been allowed. With an annual rate of contribution of one per cent. only, assuming the Sinking Fund to accumulate at the rate of 3 per cent. per annum, it will take 47 years before the full amount of the sum borrowed is credited to the Fund, and since the contributions made by the Corporation in respect of their different loans have hitherto ceased with the repayment of the loan, it is obvious that under the provisions of the existing law the Corporation has not paid, and never will pay, sufficient into the Sinking Fund in connection with any one loan to cause a sum equivalent to the full amount borrowed to accumulate in the Fund. From this Sinking Fund the Corporation have had occasion to repay six loans, all of which were for shorter periods than 30 years, and four of these loans had actually been paid from the Fund before it was observed that more was being taken from the Fund than had been paid into it in connection with these loans. A continuance of this system would have led to the early depletion of the Sinking Fund. The attention of the Local Government was first drawn to this defect in the constitution of the Sinking Fund early in the year 1910-11, almost simultaneously by Mr. Gauntlett the Accountant-General, Bengal, and Babu Nilambar Mukherji, Vice-Chairman of the Corportion. In order to prevent further depletion of the Fund, the Trustees to the Sinking Fund declined, in connection with the repayment of a loan of Rs. 20 lakhs which fell due on 1st December 1911, to allow the withdrawal of any sum in excess of Rs. 3,75,387, the amount which had accrued to the Fund in respect of that particular loan and intimated that the balance of the debt should be repaid by borrowing. The matter was, by consent of the parties, referred for the decision of the High Court by a friendly suit, when the Court decided that, as the law stands, it is not open

to the Trustees to exercise a discretion and to decline to comply with the requisition of the Corporation for the utilization of the general balance in the Sinking Fund for the purpose of repaying loans when payment becomes due. Steps are now being taken to meet these defects by an amendment of the provisions of the Calcutta Municipal Act, and a Bill prepared for this purpose is now under the consideration of the Legislative Council. This Bill has four main objects in view :—

(1) To make good the present deficit in the Sinking Fund.

(2) To ensure the payment of contributions into the Sinking Fund in respect of existing loans sufficient to cause a sum to accumulate eventually in the Sinking Fund equivalent to the full amount of the original loans.

(3) To prescribe the payment of contributions into a separate Sinking Fund in respect of each new loan sufficient to ensure the accumulation in the Fund, at the expiry of the term of each loan, of a sum equal to the amount of the loan.

(4) The maintenance of separate accounts relative to the Sinking Fund transactions of each loan.

11. It has been calculated that on the 1st April 1913 there was a deficit of over Rs. 8 lakhs in the Sinking Fund, and that to recoup this deficit the Corporation would have to pay Rs. 94,594 annually for ten years. In addition to this the Corporation must pay interest at the rate of 4 per cent. on all the money that has been taken out of the Sinking Fund to repay past loans, and these payments must be continued until the expiry of a period of 47 years from the date on which the loan was taken. These loans amount to over Rs. 63 lakhs, and the annual payment on account of this charge would be Rs. 2,53,932. These figures were calculated in the expectation that the amending Bill would have been passed during the late session of the Legislative Council, but the postponement of the consideration of the Bill will necessitate their revision, and the annual payments will be somewhat higher than those just mentioned. Meanwhile, the Corporation have formed a special reserve fund with the Bank of Bengal into which they paid Rs. 2,30,640 in 1910-11, and Rs. 3,10,640 in 1911-12 to meet the shortage in the Sinking Fund.

12. During the triennium under review the question was raised as to whether the legal borrowing capacity of the Corporation, as fixed under section 131 of the Calcutta Municipal Act, should be calculated upon the gross annual valuation of the city including municipal properties and properties exempted from the rates, or upon the net rateable valuation. The Advocate-General, who was consulted in the matter, expressed the opinion that only the rateable valuation of the city should be taken into account. The rateable valuation on the 1st April 1912 was Rs. 3,71,74,783, and one-tenth of this sum, viz., Rs. 37,17,478 represents the limit of interest and sinking fund charges which the Corporation is entitled, under the section quoted, to incur on account of debenture loans. The sum payable on the 1st April 1912 on account of interest and Sinking Fund charges amounts to Rs. 24,30,394, so that a balance of Rs. 12,87,084 is still available, which permits of a theoretical borrowing capacity of Rs. 2,57,41,680. The actual borrowing capacity, however, depends on the ability to pay loan charges, and this capacity is measured by the surplus of receipts over expenditure. The Corporation maintain that, as the estimated receipts for 1912-13 amount to Rs. 94,64,203 and the estimated expenditure, excluding charges for a new loan, Rs. 90,21,600, there is a balance of Rs. 4,42,603 which would permit of fresh borrowing to the extent of Rs. 88,52,000. This statement would appear, however, to obscure the true financial position of the municipality, as an examination of the budget estimates of the Corporation for 1912-13 showed a total expenditure of the year of Rs. 1,01,68,684, against a total revenue of Rs. 94,64,203, or a deficit on the working of the year, of Rs. 7 lakhs. This deficit was converted into a surplus of nearly 4½ lakhs by the expedient of excluding from the year's expenditure the cost of certain works, amounting to Rs. 10 lakhs, and debiting that sum to the opening balance, on the ground that these

works were of an exceptional and non-recurring nature, although some of them on a close scrutiny did not appear to come under this category. This procedure has so vitiated the statements of the actual outgoings that it is difficult to calculate the normal annual expenditure of the Corporation, but on the estimate for the working of the year 1912-13 there would appear to be no surplus of revenue available to finance further loans. Although the Corporation is in possession of a large opening balance, this cannot be taken as security for future loans, and, in the opinion of the Governor in Council, it is doubtful whether the practical borrowing capacity of the Corporation is not limited by the margin of 3½ per cent. taxation which is still available under the law.

13. *Assessment.*—The continuous and steady growth in the valuation of the city is evidence of the success with which the work of the Assessment Department has been carried on. In the late Mr. C. C. Cooper the Corporation had an officer of great and unique experience, and by his recent death they have sustained a serious loss. The question of transferring the Surveyor's work to a City Architect and of appointing a whole-time Assessor was considered by the Reorganization Special Committee in 1911-12, and the appointment of a City Architect has been sanctioned since the close of the year. The revision of the town survey which was begun in the year 1909 has been completed, but there is some danger of its becoming out-of-date before a scheme of maintenance is undertaken, and the question of adopting some practicable scheme of maintenance is a matter of importance which demands the immediate consideration of the Corporation. The Director of Surveys has expressed an opinion that the scheme should embrace both the town and the suburbs, and that before the suburbs can be brought into the maintenance scheme of the town it will be necessary to revise the survey of that area, as the maps prepared at the survey of 1903 are now very much out-of-date. It is a question, therefore, whether the revision of the added area should be commenced as a preliminary to maintenance. The question has been referred to the Corporation for consideration.

14. *Collection.*—The good work done in the Collection and License Departments during the preceding triennium has been maintained in the present, and the percentages of collection, which are shown in the margin, reflect great credit on those responsible for the management of those Departments. As a means of ensuring the highest possible standard of collection the Commissioners have been paying bonuses for some years to the collection staff, and the amount of such bonus is decided every year on the result of the work of the previous year.

	Collection Department.	License Department. Tax on trades and professions	License Department. Tax on carriages and horses
1909-10 ...	97·0	98·6	99·6
1910-11 ...	97·0	99·5	99·8
1911-12 ...	96·6	99·2	99·6

15. *Bustees.*—The Bustee Department has shown great activity during the triennium, and has effected considerable improvements in the matter of the alignment of huts and bustee streets. Under the amended rules 37 and 37A of Schedule XVII of the Calcutta Municipal Act, much useful work has been done; not only has the alignment work in areas where huts are likely to spring up been completed but a revision has been made of the alignments of huts and bustee streets included within an area of 10·88 square miles. Various improvements have been made in a large number of bustees, the chief among them being the removal of huts, the construction of roads, and the laying of sewers. Nearly a mile of new roads was opened out in each of the years 1910-11 and 1911-12 in the bustees under improvement, while the length of roads kerbed and channelled in bustees was more than a mile in 1910-11 and ¾ths of a mile in 1911-12. During the seven years of its existence, this Department has opened out a total length of bustee roads amounting to nearly 9 miles, has constructed 6½ miles of sewers, and has directed the kerbing and channelling of almost six miles. Excluding removal from the sites of roads, huts have also been completely removed from 105 bighas.

16. *Water-supply.*—The scheme for the improvement of the filtered water-supply of Calcutta, to which reference was made in the review of the

operations of the Corporation during the triennium ending 1908-09, was brought to a successful completion in the year 1911. The huge elevated reservoir at Tallah was completed in January 1911, and the work reflects great credit on the contractors. Completed within 15 months from its commencement and in 3 months less than the contract period, the reservoir was found to be perfectly water-tight, and fit for immediate use. With the completion of the large main for the distribution of the supply, a work of equal importance in connection with the scheme, the water was turned from the reservoir into the new mains on the 16th May 1911. A gratifying feature in connection with this scheme is the fact that it was completed at a total cost which fell short by 10½ lakhs of the original estimate of 69 lakhs. With the introduction of the new scheme there has been a considerable increase in supply. In 1869, when filtered water was first introduced into Calcutta, the supply was only 6 million gallons a day, and in 1888, when the original works were first enlarged, provision was made for a maximum supply of only 12½ million gallons a day. Three years ago the daily supply was less than 27 million gallons, but the quantity supplied during June last averaged no less than 34 million gallons a day. The scheme was designed to provide for an eventual supply of 40 million gallons per day to be arrived at in about 20 years time. It is evident that this limit will be reached long before the period of 20 years has elapsed, and that the machinery which has been provided will ere long prove unequal to supply the demand. A pressure of 40 feet has now been practically secured throughout Calcutta, but the high pressure is still limited to certain hours in the morning and in the evening, and is not continuous. With an extension of the high pressure hours the demand will still further increase, and His Excellency in Council is glad to observe that the Corporation have already taken up the question of augmenting the pumping power at Tallah, in order to provide for an increased supply. There is no doubt, however, that there is waste, part of which is wilful. With the introduction of the new scheme an increase in the average daily consumption was to be expected, but the high daily average of 32·6 gallons per head is not justified by actual requirements. The public will not obtain the full benefit of the scheme unless they co-operate with the Corporation in checking this excessive waste, and they must realize that unless some means can be devised to prevent it, the Corporation may not find it possible, with the resources at present at their disposal, to ensure a continuous supply. An efficient waste prevention staff, with a capable superintendent at its head and a determinationto fix meters on all houses where there is waste, are the means suggested to put a stop to the evil; the adoption of some such measures is essential if the city is to derive full benefit from the scheme on which so much money has been expended. Questions have been raised as to the quality of the water supplied, but investigations and examinations which have been made by the Sanitary Commissioner, the Health Officer of the Corporation, and Lieutenant-Colonel Rogers, bear testimony to the excellence of the filtered water supply of the city. His Excellency in Council joins with the Corporation in their commendation of all who were concerned in bringing this scheme to a successful completion, and in particular of Mr. McCabe, the Chief Engineer of the Corporation, to whose zeal and energy this result is chiefly due.

17. *Drainage.*—After two unsuccessful attempts the syphon under Tolly's Nullah, the last important link in the scheme for the drainage of the suburban area, was successfully laid in May 1909 and was formally opened in July 1910. The main questions affecting the drainage of the city which were dealt with or considered during the triennium, related to the sewering of certain roads in Alipur, Kidderpore and Chetla, along which sewers had not previously been laid, the drainage of the fringe area, and the drainage of Garden Reach. The scheme for discharging the drainage of Garden Reach into the Hooghly was completed in the year 1909-10. A scheme for sewering the roads in Alipur, Kidderpore and Chetla was sanctioned in 1911 at an estimated cost of Rs. 7 lakhs, but it was only recently that the Corporation were in a position to allot funds for the commencement of the work. The construction of the sewers in the

fringe area—a work which was commenced in 1908—is being pushed on with vigour, and a length of 57,538 feet of sewers, main and branches, has been constructed out of a total of 71,891 feet. The project for the drainage of the fringe area includes 11,596 feet of 60 feet, and 13,970 feet of 40 feet roads, together with water-supply mains and accessories and lighting; 1,600 feet of the wider roads and 4,392 feet of 40 feet roads have been completed. It is expected that the drainage system of this area, with these roads, when completed, will not only greatly improve the sanitary conditions of this low-lying portion of the city, but will also open out the whole of this sparsely inhabited area and attract the population displaced by the operations of the Improvement Trust from congested areas. The Trust has already acquired some land in this area for the construction of dwellings as part of a re-housing scheme. A question was raised whether the Town storm water reservoir, which is being silted up, should be dredged, or the whole of the storm water should be pumped at Palmer's bridge and discharged above the high tide-level of the Bidyadhari river, so that the storm water outfall might be independent of silt clearance in the reservoir. The Corporation have decided that the storm water should be pumped, and an estimate amounting to nearly four lakhs for the installation of the necessary plant has been sanctioned by Government. Owing to want of funds, it has not yet been found possible to commence this work.

18. *Roads and lighting.*—His Excellency in Council is unable to compliment the Corporation on the measures that are taken for the repair of the roads in Calcutta. He fully realizes that there are difficulties in regard to the supply of road-making materials and to the proper restoration of roads opened up by public companies; he also understands that the Corporation have been engaged upon important experiments; but when such experiments involve the blocking of considerable portions of the main streets throughout the cold weather, to the great inconvenience of traffic at the busiest season of the year, it is obvious that they should be effectively controlled. And when ordinary repairs are undertaken in such roads at the same period of the year it is essential that they should be expeditiously and efficiently carried out. In reviewing the reports for the triennium ending 1908-09 reference was made to the statement that, including repairs to footpaths and other incidental charges, the total annual cost of keeping the roads in Calcutta in a really efficient condition was Rs. 6,60,000, and satisfaction was expressed that the Budget provision under this head in 1909-10 was Rs. 5,40,605, which represented a considerable increase on the figures for previous years. It is disappointing to find that of that provision, only Rs. 1,35,981 were expended. The numerous experiments which were made in 1910-11, with a view to finding suitable material, caused a rise in the expenditure on road repairs to Rs. 5,95,113, and in 1911-12 there was a further increase to Rs. 6,51,948. More progress was made during the triennium on the paving and flagging of roads. There had been a decline in the expenditure on this account in the previous triennium, but the figures* showing the expenditure of the past three years indicate increased activity. The yearly expenditure on kerbing and channelling was fairly constant, but lower than that in the years of the previous triennium. A new contract has been executed with the Oriental Gas Company which provides that the Gas Company will supply the gas only, and that the actual lighting will be carried on by the Corporation through the agency of a special department of its own. The lighting of the city was taken over by the Lighting Department, and the agreement with the Gas Company for the supply of gas came into operation, on the 1st March 1912. At the end of the year 1911-12 the total number of gas lamps was 10,059 as compared with 9,600 in 1908-09.

19. *Conservancy.*—This important branch of municipal work has continued to receive close attention, and the afternoon service, which was

instituted five years ago and is so much appreciated, has been further extended to the Indian quarters of the town. Certain measures for the further improvement of the conservancy of the city are engaging the attention of the Corporation, but have so far taken no practical shape. They include a scheme for extending the Railway line at the Kurrya siding so as to carry off the refuse across country to Dhappa, and for the removal of the line from the Entally Incinerator southwards. Considerable difficulties have been experienced in connection with the proposal for the removal of the Municipal Railway to the Canal bank, and no definite scheme has yet been drawn up. His Excellency in Council trusts that this matter will not be lost sight of: the removal of the Municipal Railway from the Lower Circular Road would constitute a great improvement in the conservancy of Calcutta.

20. *Health.*—The health of the city during the triennium was exceptionally good, and the death-rate for 1910 was the lowest for over 20 years. The birth-rate was, on the average, higher than that of the previous triennium. In 1909 special efforts were made to ensure more efficient registration of births, and there was a great increase in that year over that of any previous year—an increase which the Corporation could not expect to maintain. Under the new system of registration, under which the vaccination stations have been converted into birth registration offices and kept open every day, instead of on alternate days as formerly, there has been a considerable improvement, but it cannot yet be said that registration is perfect or that the figures are complete. The improvements in conservancy and drainage, particularly in the Fringe area, have been undoubtedly important factors in the reduction of the rate of mortality. A disquieting feature is the continued high rate of infantile mortality. Although the lowest for over 20 years, the death rate of infants calculated on the total number of registered births was as high as 251 per 1,000. It is stated that the number of deaths is less amongst infants of women of the poorer classes who are attended by the midwives engaged by the Corporation, and the Governor in Council notes with satisfaction that an increase in the number of such midwives is under consideration. After the severe outbreak of small-pox in 1909, when 3,784 deaths from this disease were recorded, the city was practically immune in the years 1910 and 1911, when the total number of deaths were 48 and 41, respectively, the mortality of the latter year being the lowest since 1893. As a result of the outbreak of 1909 there was the usual increase in the number of vaccinations, which rose to the high figure of 88,366. The mortality from plague* showed still further improvement, and in 1910 reached the lowest recorded figure since 1898, when the disease first appeared in Calcutta. The increase in 1911 was due to an outbreak in the early part of the year in the added area, which had up to that time been more or less immune. An outbreak of Beri-Beri, or epidemic dropsy, commenced in 1909 and claimed 433 deaths, of which no less than 283 were among females. It diminished in virulence in subsequent years, and the mortality fell to 171 in 1910 and to 20 in 1911. Captain Greig, I.M.S., who was appointed by Government to make a special enquiry into the subject, expressed the opinion that the disease was due to defective nutrition arising from the use of a diet deficient in certain constituents, and that the deficiency was due to the milling of the rice and wheat used chiefly by the Bengali population. With this opinion the Health Officer of the Corporation disagreed, but as the disease abated, the matter was not pursued further. The question of the adulteration of food-stuffs continues to receive the careful attention of the Corporation. The evils attendant on such adulteration are by no means confined to Calcutta, and the difficulty that is experienced is mainly due to the absence of any provision in the existing law sufficient to cope with them. Proposals for legislation on the lines of the English Food and Drugs Act are now under the consideration of Government.

21. *Hackney Carriages.*—The hackney carriage service is capable of considerable improvement, and the Corporation have given much attention to

this subject. They have made a number of recommendations aiming at a revision of the classification of carriages, a slight increase in the fares, the introduction of a mininum fare for short periods, and other proposals by which a better horsed and better class of vehicle may be placed on the road. The powers of the Corporation are, however, limited by the Act, and they are unable in consequence to exercise that control which is necessary to ensure a good service. An amendment of the Calcutta Hackney Carriage Act, which will give the Corporation extended powers, is now under the consideration of Government.

22. *Personnel.*—There were several changes in the Chairmanship of the Corporation during the triennium. The late Sir Charles Allen, after a brilliant tenure of office for over five years, resigned the Chairmanship in July 1909 to take up the duties of acting Chief Secretary to Government. His sudden death in April 1910 was a loss to the province and evoked expressions of deep sorrow from the Corporation, and from all who knew him. He was succeeded by Sir Archdale Earle, who held the Chairmanship till 7th May 1910, when he made over charge to Mr. C. F. Payne who, in his turn, was succeeded by the present Chairman, the Hon'ble Mr. S. L. Maddox. Mr. Payne was succeeded in the Deputy Chairmanship by Mr. S. W. Goode in March 1910. Babu Nilambar Mukherjee held the post of Vice-Chairman throughout the triennium.

23. The record of the three years work is one of considerable progress, and the many improvements which have been effected in the city bear testimony to the zeal and energy which have been displayed by the officers of the Corporation. To them and to the Commissioners who have so liberally given of their time and abilities to co-operate in maintaining Calcutta in its position as the premier city of India His Excellency the Governor in Council tenders his cordial thanks.

By order of the Governor in Council,

J. DONALD,

Offg. Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th June 1913.

Summary.—There was heavy rain during the last week except in places in the Rajshahi Division. Agricultural operations have almost been stopped and some damage to standing crops is reported. The average price of common rice for the province has slightly risen as compared with that of the previous week. Agricultural loans are being distributed in the Chittagong Hill Tracts. Fodder is still reported to be scarce in parts of Jessore, Tippera and Midnapore and scarcity of water is felt in the latter district. Cattle-disease is reported from eight districts.

NOTIFICATION

No. 1142A.D.—The 11th June 1913.—Whereas Maulvi Mazharul Anwar Chaudhuri, of Hooghly, a duly nominated candidate for election as an Additional Member of the Bengal Legislative Council by the Muhammadan community of the Burdwan Division, has addressed to the Government a memorial, dated the 22nd January 1913, disputing the validity of the election by the said electorate of the Hon'ble Maulvi Abul Kasem as an Additional Member of the said Council, and praying that such orders may be passed with reference to the said election as may seem fit and proper to the Government:

And whereas it appears to the Governor in Council, after due inquiry, that sufficient grounds for declaring the said election void have been disclosed:

Now, therefore, the Governor in Council, in pursuance of Regulation XVI (*2*) of the Regulations for the nomination and election of Additional Members of the said Council, is pleased to declare that the election of the Hon'ble Maulvi Abul Kasem, as announced in Notification No. 429A., dated the 11th January 1913, published in the *Calcutta Gazette Extraordinary* of the same date, is void.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1147A.D.—The 11th June 1913.—With reference to Notification No. 1142A.D., dated the 11th June 1913, published at page 880 of this Gazette, and in pursuance of Regulation XVI (*3*) of the Regulations for the nomination and election of Additional Members of the Legislative Council of the Governor of Fort William in Bengal, the Governor is pleased to call upon the Muhammadan community in the Burdwan Division to elect, in accordance with the said Regulations and before the 21st day of August 1913, another person in the place of the Hon'ble Maulvi Abul Kasem, whose election to the said Council was declared void by the said Notification No. 1142A.D., dated the 11th June 1913.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1149A.D.—The 11th June 1913.—Whereas, in pursuance of Regulation XVI (*3*) of the Regulations for the nomination and election of Additional Members of the Legislative Council of the Governor of Fort William in Bengal, the Governor has been pleased, by Notification No. 1147A.D., dated the 11th June 1913, published at page 880 of this Gazette, to call upon the Muhammadan community in the Burdwan Division to elect, in accordance with the said Regulations and before the 21st day of August 1913, another person in the place of the Hon'ble Maulvi Abul Kasem, whose election to the said Council was declared void by Notification No. 1142A.D., dated the 11th June 1913, published at page 880 of this Gazette:

Now, therefore, the Governor in Council is pleased to make the following orders under Schedule VI to the said Regulations, in modification of the orders issued [under rules 6 (*4*), 8 (*1*), 10 (*1*) and 12 (*1*) of that Schedule] in Notification No. 3989A., dated the 23rd November 1912, published in the *Calcutta Gazette Extraordinary* of the same date:—

Orders under Schedule VI.

(1) *Rule 6* (*4*).—Nomination papers of candidates shall be presented to an Attesting Officer for attestation at any time between the hours of 11 A.M. and 3 P.M. on or before the 22nd July 1913.

(2) *Rule 8 (1).*—The scrutiny of nomination papers of candidates shall be made at the office of the Returning Officer at 3 P.M. on the 29th July 1913.

(3) *Rule 10 (1).*—Electors shall sign the declaration on the back of the voting-paper, and the Attesting Officer shall attest the signatures, on or before the 12th August 1913.

(4) *Rule 12 (1).*—The Returning Officer shall attend his office at 3 P.M. on the 19th August 1913 for the purpose of counting the votes of electors.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 1452T.R.—The 11th June 1913.—Whereas it appears to the Governor in Council that land is likely to be required to be taken by Government at the public expense for a public purpose, viz., for the proposed alignment line of the Netrokona Extension of the Assam-Bengal Railway between Kuliar Char and Dhuldia, passing through the undermentioned villages in the district of Mymensingh, it is hereby notified that the land needed for the construction of the line is likely to be required in the said villages.

B. K. FINNIMORE,
Secy. to the Govt. of Bengal.

RULES FOR THE EXAMINATION OF STOKERS FOR CERTIFICATES OF COMPETENCY.

Examinations.

1. The Bengal Smoke-nuisances Commission may grant certificates of competency to persons as stokers and shall hold examinations for the purpose of granting such certificates.

2. Examinations shall be held in the office of the Commission on the second Wednesday of every month, and shall be continued from day to day until all the candidates who have presented themselves and whose names appear on the list on the day of the examination have been examined.

Time and place of examination.

3. Certificates of competency referred to in Rule 1 may be granted in two grades, viz.—

Certificates.

(*i*) higher grade or certificate of competency as tindal-stoker, and

(*ii*) lower grade or certificate of competency as ordinary stoker.

Applications and Testimonials.

4. All applications for examination shall be made on Form I in the Appendix. This form, duly filled in, together with the candidate's testimonials and the prescribed fee, shall be presented to the Secretary to the Commission at least three days before the day of the examination.

Application for examination.

5. No candidate shall be eligible for examination unless—

Testimonials of character and service.

(*a*) he produces satisfactory testimonials as to sobriety and good conduct during at least the last twelve months' service preceding the date of his application, and

(*b*) he shows satisfactory service as a stoker within the six months immediately preceding the date of his application :

Provided that if references of doubtful authenticity be submitted by a candidate, proof of their genuineness may be required on his affidavit.

Record of service.

6. All testimonials of service shall ordinarily be based on the employé's records, and any break of service shall be satisfactorily explained.

Date of birth.

7. Should any doubt exist as to the age of a candidate, he shall be required to produce a satisfactory certificate as to the date of his birth.

Physical defect.

8. A candidate suffering from any physical defect which in the opinion of the Commission is likely to interfere with the duties of a stoker shall not be eligible for examination.

Qualifications for Ordinary Stokers.

Age and past service of candidate.

9. No person shall be eligible as a candidate for a certificate of competency as ordinary stoker unless he has attained the age of 18 years and has served for at least six months as stoker or assistant stoker.

Nature of examination.

10. A certificate of competency as ordinary stoker shall not be granted to a candidate unless—

(*a*) he passes a satisfactory *viva voce* examination before the Inspectors regarding—

(1) the uses and working of steam-boilers and their fittings ;

(2) the management of the different types of furnaces ;

(3) the use of the various stoking tools ;

(4) the effect of opening and closing dampers ;

(5) the effect of too much or too little air-supply ;

(6) the description of the various arrangements of flues and chimneys ;

(7) the classification of the various kinds of coal and coke used, and their distinctive peculiarities as to steam-raising and general heating efficiency ; and

(8) the prevention of smoke, and

(*b*) he proves by practical test, to the satisfaction of the Inspectors, his ability to stoke various types of furnaces, and to apply any other test to which he may be subject.

Qualifications for Tindal-Stokers.

Age and past service of candidate.

11. No person shall be eligible as a candidate for a certificate of competency as a tindal-stoker unless he has attained 20 years of age and has served for at least twelve months as a stoker with an ordinary stoker's certificate.

Nature of examination.

12. A certificate of competency as tindal-stoker shall not be granted to a candidate unless—

(*a*) he passes an advanced *viva voce* examination before the Inspector in the subjects specified for the examination of an ordinary stoker in clause (*a*) of rule 10,

(*b*) he explains to the satisfaction of the Inspector the working of steam-engines and boiler feed apparatus, and

Practical test.

(*c*) he shows by practical test to the satisfaction of the Inspectors his ability to be in charge of a range of furnaces.

Fees.

Fees

13. Fees for examinations held under these rules shall be payable as follows :—

	Rs.
(*i*) For examination of a candidate for a certificate as ordinary stoker	5
(*ii*) For examination of a candidate for a certificate as tindal-stoker	8

Payment of fees

14. No applications for examination or re-examination under these rules shall be considered unless the same is accompanied by the payment of the prescribed fee, and no part of any fee once paid shall be returned to the applicant under any circumstances:

Provided that any applicant whose past service is not sufficient to entitle him to be examined, or whose testimonials are unsatisfactory, may present himself again for examination without payment of any further fee, when he has fulfilled the requisite service or is able to produce satisfactory testimonials, as the case may be.

Re-examination.

Failure

15. If a candidate fails in his examination, he may not present himself for re-examination until he can produce proofs of at least three months' further satisfactory service as a stoker.

General.

Form of certificates.

16. Every certificate of competency as ordinary stoker and tindal-stoker shall be made out and issued in Forms II and III, respectively, in the Appendix.

Issue and record of certificates.

17. Every certificate granted under these rules shall be made out in duplicate, one copy being delivered to the person entitled to the certificate, and the other being kept and recorded in the office of the Commission.

Grant of copies of certificates.

18. If the holder of a certificate of competency, granted under these rules, proves to the satisfaction of the Commission that he has, without fault on his part, lost or been deprived of such certificate, the Commission may grant to him a copy of the certificate on payment of a fee of Rs. 5. Such copy shall have the same effect as the original certificate.

Suspension or cancellation of certificate.

19. Any certificate of competency granted under these rules may be suspended or cancelled by the Commission if it is proved to their satisfaction, on enquiry, that the person holding the certificate has become careless in his duties as a stoker or is otherwise considered undeserving of the certificate.

CANTONMENTS.

REGULATIONS.

No. 527.—In exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), the Governor-General in Council is pleased to amend the Cantonment Code, 1912, to the extent set forth below:—

After section 141 the following section shall be inserted:—

"141-A. No person shall cross any unenclosed space under the control of the cantonment authority upon which a notice prohibiting thoroughfare is displayed by the cantonment authority."

No. 528.—In exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), the Governor-General in Council is pleased to amend the Cantonment Code, 1912, to the extent set forth below:—

In Schedule IV, Part B, after—

"170. Bathing or washing at public well or spring so as to pollute the water.", the following shall be inserted—

"171. Bathing or washing at any public place which has been prohibited."

No. 529.—The following draft of amendments which it is proposed to make in exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), is published as required by section 25, sub-section (*i*) of the said Act, for the information of persons likely to be affected thereby,

and notice is given that the draft will be taken into consideration by the Governor-General in Council on or after the 14th July 1913.

Any objections or suggestions, which may be received from any person with respect to the draft before the date fixed aforesaid, will be considered by the Governor-General in Council.

Draft amendments.

In the Cantonment Code, 1912, which was published with the notification of the Government of India in the Army Department, No. 192, dated the 1st March 1912, the following modifications shall be made, namely :—

In Schedule VI, Annexure to Form "A", Condition IX (iv) shall be omitted.

In Schedule VI, Form "C", at the foot of page 203, the following note shall be inserted :—

"*Note.*—Condition VII (1) and (2), and Condition IX (1) and (2), first and second clauses.

These conditions provide for alternative leases. In the first the buildings on the site become the property of the Local Government on the termination of the period for which the lease is granted. In the second alternative the lease is renewable at the discretion of the Officer Commanding the Division, but when renewal is refused the lessee must deliver up the site and all buildings and erections thereon, receiving compensation for such buildings and erections as have been made under proper authority. In the first alternative, Conditions VII (2) and IX (2) first and second clauses will be struck out, in the second alternative they will be retained and IX (1) struck out. In the latter form renewals can be granted by the Officer Commanding the Division from time to time as often as may be considered desirable since the second and subsequent leases may, if the Officer Commanding the Division thinks fit, contain the Conditions VII (2) and IX (2) first and second clauses."

In condition IX (2) of Form "C" on page 204, against (iv) of the fourth clause the following marginal note shall be inserted :—

"To be struck out if Conditions VII (2) and IX (2), first and second clauses, are retained."

In Schedule VI, Form "D" at the foot of page 210, the following note shall be inserted :—

"*Note.*—Conditions XXV (1) and (2) and Conditions XXVII (1) and (2), first and second clauses.

These conditions provide for alternative leases. In the first the buildings on the site become the property of the Local Government on the termination of the period for which the lease is granted. In the second alternative the lease is renewable at the discretion of the Officer Commanding the Division, but when renewal is refused the lessee must deliver up the site and all buildings and erections thereon, receiving compensation for such buildings and erections as have been made under proper authority. In the first alternative Conditions XXV (2) and XXVII (2) first and second clauses will be struck out, in the second alternative they will be retained and XXVII (1) struck out. In the latter form renewals can be granted by the Officer Commanding the Division from time to time as often as may be considered desirable since the second and subsequent leases may, if the Officer Commanding the Division thinks fit, contain the Conditions XXV (2) and XXVII (2) first and second clauses."

In Condition XXVII (2) of Form "D" on page 211, against (iv) of the fourth clause, the following marginal note shall be inserted :—

"To be struck out if Conditions XXV (2) and XXVII (2), first and second clauses, are retained."

No. 530.—The following draft of an amendment which it is proposed to make in exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), is published as required by section 25, sub-section (1), of the said Act, for the information of persons likely to be affected thereby, and notice is given that the draft will be taken into consideration by the Governor-General in Council on or after the 14th July 1913.

Any objection or suggestion which may be received from any person with respect to the draft before the date fixed aforesaid will be considered by the Governor-General in Council.

Draft amendment.

In the Cantonment Code, 1912, which was published with the Notification of the Government of India in the Army Department, No. 192, dated the 1st March 1912, the following amendment shall be made, namely :—

In Schedule VI, Lease Form "C", in the 14th line, for the words "Cantonment Authority of" the words "Officer Commanding Division" shall be substituted.

SENATE HOUSE.
The 14th June 1913.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates but in a liberal manner.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, and Banking and Currency, ending annually in Commercial Course Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists or Book-keepers, and of gaining an intelligent insight into the economical, financial or legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial firms or in Government offices generally, and who, if he is destined for commercial life and is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, has the makings of a more useful assistant aspiring to be a businessman.

THE DAY COURSE.

4. There are two day classes, a first-year class and a second-year class For the students of these classes the following course of study is prescribed:—

(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.

(2) Arithmetic, including commercial and mental arithmetic.

(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.

(4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.

(5) Commercial Geography.

5. Arrangements are made to enable those students who may wish to do so to take up two or all of the following subjects, namely, book-keeping, shorthand-writing and typewriting.

6. *English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

7. *Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis* in Bengali of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versâ*.

8. *Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, and "A School Economic Atlas" by J. G. Bartholomew.

9. *Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

10. *Shorthand.*—During the first year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor" is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

11. *Typewriting.*—The "Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. Dexterous students are found capable of attaining the maximum speed prescribed for the examination, viz., 55 words per minute. The intermediate standard of speed test is 40 words per minute. They have also to pass a tabulating examination corresponding to each speed test.

12. *Book keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have a satisfactory grounding in English and Arithmetic. In this course there is taught a Double Entry system with simple accounts and commercial transactions. Students are taught to open and keep the following books: Journal, Purchase Day Book, Sales Day Book, Cash Book, Bill Book and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and preparation of Balance Sheet and Profit and Loss Accounts.

13. The fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

14. The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

15. The session begins annually about the end of June and closes about the middle of April. The usual Autumn and Christmas holidays are given

16. Candidates who have passed the "C" class examination of high schools or the Matriculation examination are eligible for admission. Others are admitted. provided they satisfy the Education Department, by passing a

preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

17. Graduates and Intermediates may be admitted in the second-year class, provided they take up only Typewriting among the subjects mentioned in section (4), paragraph 4. They may be allowed to take up Shorthand or Book-keeping, provided they have sufficient knowledge in Shorthand or Book-keeping, as the case may be.

18. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

19. There are at present Evening classes for the following subjects: Shorthand-writing, Typewriting and Book-keeping.

20. If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees arepaid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Modern English.

21. A student may be a member of one or more classes at his option.

22. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

23. *Typewriting.*—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

24. *Book-keeping.*—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(*a*) In the first-year class, ending with the Commercial Course Special Examination in Elementary Book-keeping, the course is similar to that prescribed for the day course.

(*b*) In the second-year class ending in the Commercial Course Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are

dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

25. Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

26. *Examinations.*—The following examinations are held annually in April :—

(1) The Commercial Course Final Examination.
(2) A Special Examination in Mercantile Law.
(3) Ditto ditto Banking and Currency.
(4) Ditto ditto Outline of Political Economy.
(5) Ditto ditto Annuities and Insurance.
(6) Ditto ditto Modern English.
(7) Ditto ditto Book-keeping (Elementary).
(8) Ditto ditto Book-keeping (Advanced)
(9) Ditto ditto Shorthand-writing.
(10) Ditto ditto Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination.

27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 1122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 21st July 1913, corresponding with Bengali 5th Sravan 1320.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MAY 1913.

I. *Character of the season.*—During the month under review rain fell all over the province. The fall was above the average, except in Dinajpur, Rangpur, Pabna, Mymensingh and Cooch Behar, where the fall was a little below the normal. Thunderstorms accompanied by rain occurred throughout the province during the first-half of the month. The usual rainfall statement is appended

II. *Progress of agricultural operations.*—Preparation of lands for next season's crops and sowing of autumn rice and jute continued. The operations were for a time retarded at the beginning of the month owing to want of rain.

III. *State of standing crops.*—The condition of the standing crops was reported to be generally favourable.

IV. *Prospects and probable outturn of harvests.*—The prospects of standing crops, though unfavourable at the beginning of the month owing to want of rain, improved greatly later on.

V. *Damage to standing crops.*—No damage to standing crops was reported by any abnormal causes.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was, on the whole, reported to be good. Cases of cattle-disease were reported from Nadia, Murshidabad, Khulna, Burdwan, Birbhum, Bankura, Midnapore, Dinajpur, Malda, Mymensingh, Bakarganj, Tippera and Noakhali.

VII. *Failure of pasturage and fodder.*—The supply of fodder and water was sufficient, except in parts of Midnapore and Tippera. In parts of Jessore, Noakhali, Chittagong, Burdwan and Dinajpur scarcity of water was felt during the first part of the month.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review, the price of common rice rose in nine districts, fell in one and remained stationary in the rest. It varied from 6 seers a rupee in Darjeeling and Malda to 9½ seers a rupee in Chittagong.

IX. *Condition of agricultural people.*—The condition of the agricultural population was favourably reported upon.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th June 1913.

Summary.—During the week under review heavy rainfall generally all over the province except in some places in the Burdwan and Rajshahi Divisions. The standing crops in low lands have been damaged to a certain extent by the excessive rainfall in the western districts and also in Darjeeling, Faridpur, Tippera and Noakhali. The average price of common rice for the province has slightly risen as compared with that of the previous week. Agricultural loans are being distributed in the Chittagong Hill Tracts. Scarcity of fodder is still reported from parts of Jessore, Midnapore and Noakhali. Cattle-disease is reported from six districts.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 1040T.G.—The 18th June 1913.—The following notification of the Government of India is republished for general information and guidance.

H. F. SAMMAN,
Offg. Secy. to the Govt. of Bengal.

No. 212, dated Simla, the 10th May 1913.

NOTIFICATION—By the Government of India, Department of Education (Ecclesiastical).

THE rules providing (I) for the care and use of Government cemeteries throughout India, except those in the presidency town of the diocese of Calcutta and the presidency town of the diocese of Bombay; (II) for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India; (III) for the levy of other ecclesiastical fees throughout India; (IV) for the erection, repair and endowment of monuments in Government cemeteries throughout India, except in the town and suburbs of Calcutta; and (V) for the regulation of grants for the building of churches; the supply of church furniture; and for the payment of compensation for accommodation provided for soldiers in churches neither belonging to, nor rented by, Government, have been revised and consolidated and are published for general information and guidance:—

PART I.

Rules for the care and use of Government cemeteries throughout India, except those in the presidency town of the diocese of Calcutta and the presidency town of the diocese of Bombay.

CHARGE OF THE CEMETERY.

RULE 1.—(1) The resident chaplain of a station has charge of the general cemetery, and frames an estimate of the expenditure connected therewith in accordance with the directions contained in paragraph 1 of the Home Department Resolution Nos. 6—370-382, dated 9th November 1876.

*Appendix A

(2) The term "resident chaplain" includes a clergyman of the Additional Clergy Society so far as concerns the stations to which he stands appointed, or other clergyman of the Church of England placed in charge by the Bishop.

(3) Where there are lay trustees or a church committee they will have the same powers and responsibilities in regard to the cemetery as in regard to the church. At stations where there are no trustees or committee, if there is no resident chaplain, or during the temporary absence of the chaplain, the charge of the cemetery vests in the Chief Magistrate on the spot, or the senior military officer if the cemetery is attached to a military cantonment.

(4) At out-stations where there is a church committee the charge of the cemetery will vest in the senior member of the committee, provided that, if the station does not contain a church which is the property of the Government, the appointment of the senior member of the committee to hold charge of the cemetery will be subject to the approval of the Bishop or Archdeacon who may, if he consider it advisable, appoint some other person to the charge. At out-stations where there is no church committee the charge of the cemetery will vest in such person as may be nominated thereto from time to time by the Magistrate or Deputy Commissioner of the district, but subject to the control of such Magistrate or Deputy Commissioner.

(5) All projects for original works in connection with cemeteries attached to Government churches in civil stations and cemeteries in Imperial Provinces without provincial settlements whether attached to Government churches or not, which require the administrative sanction of the Government of India, should, under the Home Department orders Nos. 49—65, dated the 8th February 1907, be submitted by the ecclesiastical authorities to the local Government, which after examining them will transmit them, with any remarks that it may desire to offer, to the Government of India in the Department of Education for consideration. All proposals relating to the construction or alteration of cemeteries attached to Government churches in cantonments and of other cemeteries in charge of the Military Works

Services, whether attached to Government churches or not, should, under the Home Department orders Nos. 58—71, dated the 18th February 1909, be submitted by the ecclesiastical authorities to the General Officer Commanding the Division or Independent Brigade within whose jurisdiction the cantonment is situated, who will forward them to the Director-General of Military Works when the cost of the work is less than Rs. 2,500, and to the Quartermaster-General in India when the cost exceeds Rs. 2,500. The Director-General will submit proposals forwarded to him direct to the Department of Education after consulting the Quartermaster-General unofficially. In the cases of the larger cost the Quartermaster-General, after satisfying himself of the necessity for the work proposed, will, when the work is to be carried out by the Military Works Services, request the Director-General of Military Works to submit the proposals, together with approximate estimates of their cost and the reports of the local military officers, for the consideration of the Department of Education. When the work is to be carried out by the Public Works Department the Quartermaster-General will request the General Officer Commanding concerned to forward the proposals to the local Governments which, after examination, will transmit them, with any remarks it may desire to offer, to the Government of India in the Department of Education for consideration. Proposals in connection with cemeteries attached to Government churches in railway colonies should be submitted by the Managers or Agents of the railways concerned to the Railway Board for consideration. Projects for original works in connection with cemeteries not attached to Government churches the charges for which will be debitable to Provincial revenues should be dealt with under the orders of the local Government concerned.

RULE 2.—Each cemetery is allowed a mali-chaukidar or chaukidars in accordance with the scale prescribed in paragraph 2 of the Home Department Resolution* Nos. 6—370-382, dated 9th November 1876. These chaukidars are paid by Government through the resident chaplain, by whom they are appointed and dismissed. In stations where there is no resident chaplain, the chaukidars are paid, appointed, and dismissed by the other officers named in rule 1. House accommodation for cemetery chaukidars may be provided at the cost of the State.

* Appendix A.

RULE 3.—Every reasonable effort should be made by the resident chaplain or other officer in charge under rule 1, not only to keep the cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends by providing for the necessary repairs and by planting the ground with suitable trees.

NOTE.—Expenditure under this rule will be met in the manner indicated in paragraph 1 of the Home Department Resolution† Nos. 6—370-382, dated 9th November 1876.

†Appendix A.

RULE 4.—The chaukidar will keep the key of the cemetery under the direction of the officer in charge.

RULE 5.—The officer who has charge of the cemetery under the operation of rule 1 will perform all the duties assigned to the chaplain by rules 7, 8, 9, 10, 11, and 12, with the exception of the approval of designs of tombstones and of inscriptions to be cut on them. In the case of a tombstone in that part of the cemetery which is reserved for the Church of England, the proposed design and inscription must be forwarded to the resident or visiting chaplain, or, if there be none, to the Archdeacon, no action being taken to erect the monument till his sanction has been obtained. In all other cases the design and inscription must be approved by the minister of the particular denomination to which the deceased belonged. Should there be no resident or visiting minister of that denomination, the inscription and design must be approved by the senior minister belonging to it in the province, or, if there be none, then by the local Government or Administration. Should a design or inscription be disapproved, it may be referred, if those who are interested desire this, through the ecclesiastical superior of the denomination concerned, to the local Government or Administration fordecision (*vide* rules 14 to 20 and Part IV of these rules).

PERSONS WHO MAY CONDUCT INTERMENTS.

RULE 6.—(1) The chaplain will bury Christians of all denominations whose friends desire his services, as laid down in the orders of the Government of India in the Home Department,‡ No. 159, dated the 6th June 1877, using always the

‡Appendix B.

service of the Church of England and the consecrated portion of the cemetery.

(2) A portion of every cemetery will be set apart by the orders of Government for the use of Roman Catholic congregations, and another portion will be appropriated for the joint use of other Christians whose friends desire that they should be interred otherwise than according to the ritual of either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3) The unconsecrated portions thus set apart are not to be fenced or walled off from the rest of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemetery or reserved from it. If the existing cemetery be large enough for the wants of the whole Christian community, such portions will be reserved without reference to the fact that the whole enclosure has or has not been consecrated according to the rites of the Church of England. If the cemetery be only large enough for the wants of Christians desiring to be buried with the service of the Church of England such portions will be added. The whole cemetery thus divided is to be surrounded by a wall. to have but one gate of entrance, and to be under the care of the officer specified in rule 1.

RULE 7.—(1) Ministers of all denominations have a right to conduct the service of burial over the body of any deceased member of their respective congregrations, who may be buried in any fitting portion of the ground set apart for the denomination to which the deceased belonged. At least six hours' previous notice of the burial should be given by the chaplain or minister of the denomination to which the deceased belonged or, in his absence from the station, by the friends of the deceased, to the chaplain in charge of the burial ground, or, in the absence of the chaplain, to the officer who may be in current charge. The chaplain or officer in current charge of the cemetery should, on receipt of the notice, give the conducting chaplain or minister, or, in his absence, the friends of the deceased, a certificate as to the hour when the funeral may take place. The period herein prescribed may, for special reasons, be shortened, with the permission of the chaplain or officer in charge of the cemetery. Such chaplain or officer will, if he thinks the circumstances of the case demand it, bring the facts to the notice of the local magisterial authorities in time to admit of an order stopping the burial being passed if necessary.

NOTE.—The provisions laid down in this rule apply only to civil funerals. Military funerals are regulated by the orders laid down in Army form A-27.

(2) In the cases in which the deceased was in the military or civil employment of Government and the death occurred in a military station it is the duty of the officer commanding the corps or head of the department concerned to inform the minister of the denomination to which the deceased belonged, of the hour at which the funeral may be expected at the cemetery. This report is to be in addition to that required by rule 7 (1).

(3) A certificate of burial drawn up according to the required form must be sent to the chaplain or to the Registrar of births, deaths and marriages, to be entered in the register kept up by him. The officer commanding the station or regiment or the local head of the department with which the deceased was connected is responsible for the submission of the certificate.

RULE 8.—(1) No burial can, as a general rule, take place in that part of a Government cemetery, which has been set apart for the use of members of the Church of England, unless the service prescribed by that church is ready by the chaplain, if there be one, or, in his absence, by the layman who officiates at the funeral. But a person may be interred in the other portions of a Government cemetery with or without the use of any services of religion.

(2) Where in that part of a Government cemetery which has been set apart for the use of members of the Church of England there is a family vault or grave, or a reserved plot of ground purchased by a member of the family, or a masonry grave prepared in immediate contiguity to such family vault or grave or reserved plot, any deceased member of a family may, if the relative, friend, or legal representative having charge of the funeral arrangements shall so desire, be interred in such family vault, grave, or reserved plot without the performance of the service for the burial of the dead according to the rites of the Church of England.

(3) The burial may take place at the option of the person having charge of the same either without any religious service or with such Christian and orderly religious service at the grave as such person shall think fit; and any person or persons who shall be thereunto invited, or be authorised by the person having charge of such burial, may conduct such service or take part in any religious act thereat.

(4) Notice of any burial which it is intended to conduct under the provisions of clauses (2) and (3) shall be given to the chaplain or other officer in charge of the burial-ground in the manner prescribed by rule 7.

ARRANGEMENTS FOR BURYING.

RULE 9.—Where there is a resident chaplain he is responsible for the arrangements for digging a grave and for the preparation of a coffin. Should he find or anticipate difficulty in making private arrangements for digging a grave and preparing a coffin he should apply in military stations to the senior military officer and in civil stations to the chief local Magistrate to make the necessary arrangements; and these officers are authorized to direct any local Public Works Officer to do all that is necessary. The local Public Works Officer will usually be the Assistant Commanding Royal Engineer in military stations and the Civil Executive Engineer in civil stations; but the senior military officer in a military station and the chief local Magistrate in a civil station may, in cases of emergency, direct the Civil Executive Engineer or the Assistant Commanding Royal Engineer, respectively, to make the necessary arrangements. The resident chaplain is in all such cases responsible that timely notice is given to the Government officers who may be called upon to arrange for digging a grave and preparing a coffin.

The senior military officer in a military station and the chief local Magistrate in a civil station may, should the resident chaplain report that private arrangements for digging graves and preparing coffins are not feasible, issue a general order on the Assistant Commanding Royal Engineer and the Civil Executive Engineer, respectively, to dig graves and prepare coffins upon the requisition of the resident chaplain. The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance account till repaid by the officer under whose special or general order it was incurred.

During the absence of the resident chaplain from the station the senior military officer in a military station and the chief local Magistrate in a civil station shall be responsible for the arrangements for digging graves and preparing coffins.

NOTE.—The expenses incurred in connection with the burial of paupers who die within cantonment limits will be defrayed from cantonment funds under the authority of section 29 (1) (*l*) of the Cantonment Code. In the case of paupers who die out of cantonment limits, the expenses will be defrayed by the Magistrate of the district.

RULE 10.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to be provided by the Public Works Department or Military Works Services, with references written upon it, in a book, in which the names of parties interred are recorded; this plan and book being kept with the church registers.

NOTE.—The Executive Engineer shall maintain a plan of the cemetery showing on it all the existing graves and the spaces allotted for future graves, giving them all consecutive numbers and giving plot lines also consecutive numbers when he thinks this desirable. Suitable number plates may be provided for the graves.

RULE 11.—The officer in charge of the cemetery may reserve grave space, as limited by rule 12 below, on the application of near relatives of persons already buried in the cemetery and for the burial of the persons named in the application. A double ground fee shall be levied in advance before granting any such application, and each grant shall be registered in a book to be kept for the purpose and indicated on the plan. The ground will then be reserved for ten years. Before the expiry of that period, a fresh application should be made and a further double fee paid, failing which the ground will be resumed.

RULE 12.—The size of each grave, whether of masonry or not, is ordinarily limited to 9′×4′ and the area of ground to be enclosed to 11′×7′ by external measurement. The local Government may, however, relax these limits at its discretion.

RULE 13.—(1) All graves must be at least 6 feet in depth. Masonry graves need not be provided with floors.

(2) No body shall be buried in any vault or masonry grave provided with a permanent floor which it is intended at any after time within 14 years to re-open, unless the coffin be separately entombed in an air-tight manner by properly cemented stone or brick work, which shall never be disturbed.

(3) One body only shall be buried in a grave at one time, unless the bodies be those of members of the same family.

(4) No non-masonry grave or masonry grave unprovided with the separate air-tight compartment prescribed in clause (2) shall be re-opened within 14 years after the burial of a person above 12 years of age, or within eight years after the burial of a child under 12 years of age, unless to bury another member of the same family, in which case a layer of earth not less than one foot thick shall be left undisturbed over the previously buried coffin. If on re-opening the grave any soil is found to be offensive, such soil shall be left undisturbed.

(5) There shall never be less than three feet of earth between the topmost coffin in a grave and the surface of the ground.

ERECTION AND REPAIR OF MONUMENTS.

RULE 14.—Monuments may be erected by any interested person. The inscription before being cut and the design, when the monument is other than a simple headstone, must first be approved of as laid down in rule 5.

RULE 15.—When a grave is not of masonry the only monument ordinarily allowed over it is a simple cross or headstone on an adequate masonry foundation at least $3' \times 2' \times 1\frac{1}{2}'$; and the whole structure must not stand higher than 3' from the ground level. But, with the permission of the officer in charge of the cemetery, a monument, such as may be erected over a masonry grave, may be placed over a non-masonry grave when adequate masonry foundations are provided on which the monument may rest.

RULE 16.—No monument, of whatever material constructed, shall exceed $8' \times 4'$ at the base without the previous sanction of the local Government.

RULE 17.—No monument of *masonry* standing higher than 3 feet from the ground level shall be erected without the sanction of the local Government.

RULE 18.—No cenotaph more than 6 feet square at the base shall be erected without the sanction of the local Government.

RULE 19.—The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry or metal pillars or by a plain granite or marble curb on a concrete foundation. Wooden or masonry enclosures are not permitted. The previous sanction of the Archdeacon, or, in his absence, of the Bishop, is necessary to the enclosure of a non-masonry grave; and no such sanction will be given unless the fee required by rule 1 of Part II has been paid.

RULE 20.—All work connected with monuments must, as far as possible be carried on outside the cemetery.

INSPECTION.

RULE. 21.—The cemetery should be inspected annually by the officer who has charge of it under the operation of rule 1, in company with the Executive Engineer, the plan and book kept under rule 10 being also examined and a report made to the Archdeacon, and recorded in the Ecclesiastical record-book of the station, and also in the Engineer's office. In stations where there is no resident Chaplain and there is a difficulty in arranging for a joint inspection by the officer in charge of the cemetery and the Executive Engineer, the annual inspection may be made by the Executive Engineer alone, who will forward the report to the Archdeacon through the officer who has charge of the cemetery.

RULE 22.—(1) Commissioners of Divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours, and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair

or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archdeacon.

(2) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments and to report to local Governments any matter calling for notice.

MISCELLANEOUS.

RULE 23.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for soldiers on the march, in order that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the district are under the care of the local civil authorities, who should inspect them frequently and see that they are preserved in good order. Interments should, as far as practicable, be carried out in Government land.

PART II.

Rules for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India.

RULE 1.—The following are the rates of fees chargeable :—

	Rs.	A.
(1) For every square foot of ground occupied by a grave, whether masonry or not	0	8
NOTES.—(1) This fee is independent of the actual charge for making a grave.		
(2) By the terms *ground occupied* in this rule is meant in the case of an unenclosed grave the area actually occupied by the grave; and in the case of enclosed graves, graves with monuments or graves partly covered by monuments and partly enclosed, the area actually occupied by the grave *plus* all additional space either enclosed or occupied by a monument.		
The fee of eight annas in question is irrespective of all charges leviable under clauses (2) to (5) of this rule.		
(2) For a masonry monument, per square foot	1	0
(3) For a cut stone or marble monument, per square foot	0	8
NOTE.—The lower fee of 8 annas per square foot shall be charged only if the whole structure above the ground level is made of cut stone or marble.		
Provided that no fee under (2) or (3) shall be less than	5	0
(4) Additional fee when a cut stone or marble monument stands higher than 3 feet from the ground level	16	0
(5) For a headstone or cross over a non-masonry grave	5	0
(6) For a faculty for the erection of a monument in a church	75	0
NOTES.—(1) A tablet on the wall of a cemetery shall be regarded as a monument.		
(2) The term "stone or marble" does not include 'slate."		
(3) The fee of Rs. 75 levied on a faculty is in all cases to be spent in charity.		
(7) For a cenotaph, in addition to the ground fee, a special fee of... ...	50	0
NOTE.—If any of the persons commemorated are interred beneath a monument, it should not be classed as a cenotaph.		
(8) For burial in a family vault	3	0

RULE 2.—Fees are leviable over the whole cemetery, including those portions which are used by Roman Catholics and Non-conformists.

NOTES.—(1) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Non-conformists, or members of the established Church.

(2) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the established Church of England forms no part of the general cemetery, but is separate from it, or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State, then if the community by which the ground is used so desire, the Government will give up all claim to fees on the distinct understanding that it is divested of all responsibility for the maintenance of the cemetery in proper order. On the other hand, where such parcels of ground form part of a cemetery of the established Church or the general Christian community provided and maintained by the Government, no distinction can be made as to keeping up any one part of the cemetery, nor should any exemption from fees be permitted.

EXEMPTION FROM FEES IN GOVERNMENT CEMETERIES.

RULE 3.—No fee shall be levied from regimental and non-departmental warrant officers, British non-commissioned officers and soldiers for the construction of graves for, or the erection of monuments to the memory of,

their wives, children, or comrades; or from their wives or children for the construction of graves for, or the erection of monuments to, such warrant officers, non-commissioned officers and soldiers; provided that the monument is a plain stone monument consisting of a simple cross or head-stone fixed in a stone or marble socket, or a slab over a masonry foundation 3′×2′ and whose total height does not exceed 3 feet above the level of the ground. No exemption shall be granted, however, to such persons from the fees prescribed in rule 1 (6) and (7) of these rules.

NOTES.—(1) This rule applies to regimental and non-departmental warrant officers and all British non-commissioned officers and soldiers whether in military or civil employ.

Native Christians belonging to His Majesty's army are British soldiers within the meaning of this rule.

(2) Plain stone monuments erected under this rule which are subscribed for partly by regimental or non-departmental warrant officers, non-commissioned officers and men and partly by officers are likewise exempted from the prescribed fee.

(3) Departmental warrant officers and volunteers are not exempted from payment of ecclesiastical fees.

(4) The addition of masonry borders round plain stone monuments in respect of the erection of which exemption is granted by these rules will not necessitate the levying of a fee for their erection provided that the borders are kept within reasonable limits, so that the cost of repairing the monuments is not materially increased.

RULE 4.—The Chunar pensioners being more or less under military control come under the category of soldiers, and are therefore entitled to the same exemptions as soldiers. But this ruling does not apply to other pensioners who are not similarly under military control.

RULE 5.—The chaplain may, at his discretion, reduce, or in cases of extreme poverty altogether remit, the fee leviable on the construction of graves, but not for the erection of monuments.

NOTE.—The Bishop on special occasions may sanction a reduction or remission of fees for the erection of monuments.

PERSONS BY WHOM FEES MAY BE COLLECTED.

RULE 6.—The chaplain or other officer in charge of a cemetery may appoint an official mason, who may be granted a monopoly of the whole or any portion of the masonry work beneath the surface within the cemetery, subject to such conditions as may be agreed upon at the time of making the appointment; and may, subject to the same conditions, discharge him at his discretion. When an official mason has been appointed, he shall be responsible for the collection and payment to the chaplain or other officer as aforesaid of the requisite fees in respect of all work executed by him. Fees in respect of all work in the cemetery must be paid in advance before the work is begun. The maximum rates for all works beneath the surface should be fixed by the officer in charge of the cemetery in consultation with the Executive Engineer or Assistant Commanding Royal Engineer, and should in no case be exceeded unless they are proved to the satisfaction of both officers to be inadequate. The rates should not ordinarily exceed the current rates for public works in the district.

PERSONS TO WHOM FEES MAY BE PAID.

RULE 7.—The fees prescribed in rule 1 should be paid to the chaplain or, in the absence of the chaplain, to the officer in charge of the cemetery and remitted at once to the civil treasury, except fees for monuments in churches, which should be paid over by the chaplain to the charitable objects to which the Bishop assigns them when his faculty is issued.

CEMETERY RECEIPTS AND CHARGES.

RULE 8.—All cemetery receipts and charges are to be regulated as laid down in paragraph 4 of the Home Department resolution* Nos. 6—370-382, dated the 9th November 1876.

Appendix A.

MISCELLANEOUS.

RULE 9.—(1) A person may not purchase a portion of a Government cemetery as a burial place for himself and his family so as to have a right to fence it with a rail or fence, and thus make it the private property of himself and family. But when such rights already exist, they are not without reason to be interfered with, and special cases as they arise may require exceptional treatment. In such special cases the Archdeacon may exercise his discretion with the sanction of the local Government.

(2) All private rights must, however, cease if, for sanitary or other public reasons, the cemetery is closed against burials, or even that portion of it in which the private ground it situated; but in special cases the Archdeacon may exercise his discretion of giving permission to open a vault or masonry grave.

(3) No *kachcha* grave can be opened in any cemetery for the purpose of converting it into a masonry grave without application to the Archdeacon which must be accompanied by a certificate from the principal medical officer, that this may be done without risk to the public health.

RULE 10.—(1) When a piece of ground is granted by Government as a cemetery to a railway company for the interment of its own servants, and the company afterwards keeps it in repair and provides the necessary establishment, so that beyond the original grant of ground Government is at no expense, the collection and application of fees accruing are left to the decision of the railway company which maintains the cemetery in good order and repair.

(2) The Commissioner of the district or Judicial officer, and in military stations the officer commanding should inspect such cemeteries and report to Government if they find them negligently kept.

PART III.

Rules for the levy of other ecclesiastical fees throughout India.

RULE 1.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

RULE 2.—In addition to the fee for the surrogate's license a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of officers and others in the military or naval service of His Majesty.

RULE 3.—The fee for a surrogate's license shall be Rs. 50, both at the presidency towns and in the interior. No fee shall be charged on marriages by banns.

RULE 4.—When registers are searched and a copy of any entry given, a fee of one rupee shall be charged for the first year,* and four annas for every additional year over which the search may extend, as well as a fee of one rupee for the certificate. Soldiers, sailors, and non-commissioned and petty officers are exempted from payment.

*The first year shall be taken to mean any one year included by the applicant

NOTE.—(1) The amount of fees payable for marriages performed, and for searching registers kept in accordance with the provisions of Act XV of 1872 (The Indian Christian Marriage Act), is fixed by each local Government.

(2) The chaplain may, at his discretion, reduce, or altogether remit in cases of extreme poverty the fee for searching registers.

PART IV.

Rules for the erection, repair and endowment of monuments in Government cemeteries throughout India, except in the town and suburbs of Calcutta.

APPLICATION FOR ERECTION OF A MONUMENT.

1. A person desiring to erect a monument should submit to the chaplain or other officer in charge of the cemetery an application in the form A (annexed), with a working drawing of the monument drawn to scale.

2. If the proposed monument (*a*) is not a single stone monument as defined in rule 6, or (*b*) is a single stone monument in respect of which exemption from payment of endowment fee is granted by note (1) to this rule, or (*c*) is a single stone monument which it is proposed to endow, the chaplain or other officer in charge of the cemetery will send on the application and the drawing with a forwarding letter (in form B annexed) to the Executive Engineer in charge of the cemetery. The Executive Engineer will examine the proposals, and, if he approves of them, will fill in the certificate below the application, examine and countersign the drawing, and return the papers to the chaplain.

If any fragile or costly work liable to receive damage is proposed, the Executive Engineer will not take this into consideration in entering the classification of the monument in column 7 (*b*) of the application, as the repair of such work cannot be undertaken by Government. The Executive

Engineer may decline to take over any monument for the purpose of maintenance if he considers that the work is defective from a structural point of view.

If the monument is a single stone monument and is *not* to be endowed, the chaplain or other officer in charge need not forward the application to the Executive Engineer unless he desires his advice, but may deal with it at once in accordance with rule 3.

NOTES.—(1) No endowment fee shall be levied in respect of monuments erected by British soldiers or non-commissioned officers to their wives, children or comrades, or by their wives or children to British soldiers or non-commissioned officers, provided that the monuments are simple crosses, head-stones or slabs. Native Christians belonging to His Majesty's Army are British soldiers within the meaning of this note.

(2) The addition of masonry borders round single stone monuments in respect of which exemption from endowment fee is granted by note (1) above will not necessitate the levying of a fee, provided that the borders are kept within reasonable limits, so that the cost of repairs of the monuments is not materially increased.

(3) When a monument is to be placed over a masonry grave, any portion of the masonry which projects above the ground level shall be demolished.

3. On return of the papers, duly approved by the Executive Engineer, the chaplain will see that the application in form A is correctly filled in, sign the memorandum at the foot of the form and forward it with the drawing to the Archdeacon. If the deceased belonged to some other denomination than that of the Church of England, the chaplain will obtain a certificate of approval of the design from the minister of the denomination to which the deceased belonged and forward it with the application to the Archdeacon.

4. The Archdeacon will permit the monument to be erected or refuse to do so. If permission is given, the chaplain will advise the applicant of the sanction in form D (annexed) and instruct him to pay the amount of the endowment calculated as in rule 6 to the Executive Engineer, who will grant the applicant a receipt in form C (annexed).

5. The chaplain will return the sanctioned application (with enclosures) to the Executive Engineer for disposal and record. On receiving adequate notice from the applicant (usually *not less* than a week) of the date and hour of erection, the Executive Engineer will depute a responsible subordinate to supervise the erection of the monument in accordance with the sanctioned design and specification. If it is erected to his satisfaction, the Executive Engineer will assume charge of the monument for future repairs by the Public Works Department and will issue to the applicant a certificate in form I that the monument has been properly erected. The chaplain will, on receipt from the Executive Engineer, send in April every year to the Archdeacon a list of the monuments erected and endowed during the year ending March 31st, together with the amounts of the endowment fees.

CLASSES OF MONUMENTS AND AMOUNT OF ENDOWMENT FEES.

6. For the purpose of these rules monuments are classified as follows :—

CLASS A.—*Single stone monuments.*—Monuments consisting of (*a*) simple crosses or head-stones not exceeding 3 feet in height from the ground level and having the full section of the stone embedded to a depth of at least 12 inches, in masonry foundations measuring at least 3′×2′ in size by 1½ feet in depth, or (*b*) slabs not exceeding 11′×7′ in size over unexposed masonry foundations.

CLASS B.—*Plain and solid monuments.*—Monuments, including railings round graves, not falling in class A, which are likely to require only occasional repair.

CLASS C.—*Elaborate monuments.*—Monuments which are likly to require special attention or frequent repair.

The endowment of a monument in class A is optional, and the fee may be paid at any time, either before or after the erection of the monument.

Permission will not be given to erect other monuments unless the endowment fee has been paid. The minimum fees are as follows :—

Class of monument.	ENDOWMENT FEE.		REMARKS.
	Child's monument.	Adult's monument.	
	Rs.	Rs.	
A	15	15	(1) A child's monument covering more than 15 square feet is to be charged for as an adult's monument.
B	20 (1), ( )	30 (2)	(2) These are minimum fees, and when they are considered insufficient such fees may be charged as the Superintending Engineer thinks necessary.
C	50 (1), (2)	75 (2)	

The classification of monuments rests with the Executive Engineer, but any person who objects to his decision may appeal to the Superintending Engineer.

No addition to an existing monument in a Government cemetery will be allowed beyond mere lettering on existing slabs, head-stones or crosses, unless the whole monument is endowed.

7. The endowment is intended to cover the expense of ordinary annual maintenance, re-lettering and repairs, but not the risk of accidents due to floods or earthquakes or other extraordinary causes. It is open to any person to provide for extraordinary repairs by making a special endowment in addition to the ordinary endowment fixed by the Executive or Superintending Engineer under rule 6. This special endowment must, however, be limited to the amount necessary to cover such work as the Government officers can undertake to execute.

8. When an endowment is paid to the Executive Engineer, in accordance with rules 4 and 6, the amount must be entered in the divisiona cash-book as a deposit received and paid into the treasury with a remittance note in the form G (annexed) for credit to the civil department. The Executive Engineer will forward the Treasury officer's receipt with his monthly accounts to the Examiner of Accounts in support of the debit to "deposits," a note to the effect that this has been done being entered in red ink across the block foil of the remittance note.

The Examiner will, from these receipts, maintain a register in form H (annexed) showing the endowments for each cemetery in his province. The civil account officer will credit to a head cemetery endowment fund under the major head Savings Bank Deposits—Bank Accounts all sums received on account of these endowments, but will show no details regarding the cemeteries.

After the amount has been paid into the treasury the Executive Engineer will enter it in the register of endowments, form E (annexed) (Part I).

NOTE.—A clear distinction must be maintained between (1) *ordinary* and (2) *special* endowments (*vide* rule 7) in all the documents and accounts mentioned in this rule.

9. The Executive Engineer shall maintain an account of all ordinary and special endowments, form E (annexed) (Part II). A separate ledger account shall be opened in form E (annexed) (Part III) for each monument for which a special endowment exceeding Rs. 25 has been made under rule 7.

NOTE.—The provision as to separate accounts should be applied, as far as possible, to endowments made prior to the issue of these rules.

10. The interest calculated under rule 11 on the deposit shall be used in meeting the expenditure for the repair of those monuments for whose preservation deposits have been made. In no circumstances should the capital sum be applied to meet such expenditure, nor should the interest be separate for each monument. The interest accruing on the deposits shall form a common fund to be used exclusively for the repairs of all endowed tombs: provided that the interests on deposits for which separate accounts are opened under rule 9 shall be used exclusively for the particular monument on account of which the deposit is made.

If a monument becomes so damaged as not to admit of repair, the officer in charge of the cemetery shall communicate with the friends of the deceased, or when such communication is not possible, advertise three times in the *Gazette of India* and the Gazette of the Province: and if no person will undertake to restore it, the monument shall be treated at the next repairs in such manner as the officer in charge of the cemetery may decide to be necessary for the maintenance of the cemetery in decent order: provided always that any inscribed slab or tablet which formed part of it shall be placed over the grave in simple masonry or be inserted in the wall of the cemetery and shall be carefully preserved.

NOTE.—(1) This rule does not apply to monuments of historical or archæological interest. Lists of such tombs should be obtained by local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works Department.

(2) The cost of the advertisements in the Gazette is met by the Government.

(3) The State will defray the cost of keeping in repair monuments erected by or over the graves of British soldiers and non-commissioned officers in respect of which exemption from payment of endowment fee is granted by note (1) to rule 2 of this part.

11. Joint estimates shall be framed in October of each year by the Executive Engineer and the chaplain, or other officer in charge of the cemetery, of the cost of repairs of endowed tombs, during the following official year, and the aggregate of the sums so estimated shall not exceed the estimated interest at 3½ per cent. per annum for ordinary endowments and at 3 per cent. for special endowments made up to the 31st March preceding, *plus* the unspent balance at the end of the previous year. The Executive Engineer should budget annually for the grant required; such grant should be entered in a lump sum under the head "civil works" without any distinction between ordinary and special endowments.

12. The civil account officer of each province will, in his final accounts for March, debit to 14—Interest, by credit to the Public Works Department the interest at 3½ per cent. per annum for ordinary endowments and at 3 per cent. for special endowments made up to the 31st March. On receipt of the credit the Examiner of Public Works Accounts will distribute the amounts between the cemeteries of the province and advise the Executive Engineer concerned of the amounts so credited. On receipt of such intimation the Executive Engineer will credit the amount in his divisional accounts as public works revenue under the head "Interest on endowments for repairs of monuments" and then fill in the interest column in form E (Part II).

13. Endowment funds invested in Government securities will be held in trust by the Comptroller-General, or the Accountant-General, Bombay (as the case may be), on behalf of the Examiner of Public Works Accounts concerned, under the rules contained in Chapter II of the Civil Account Code. The interest will, on realization, be remitted to the Examiner and will be credited in his accounts and distributed as provided in rule 12.

ENDOWMENT OF EXISTING MONUMENTS.

14. When application is made for the endowment of an existing monument, the above procedure should be followed as far as applicable.

15. In order that the local Government or Administration may know that the tombs are kept in proper repair, an annual report in form F (annexed) should be forwarded as soon as possible after the close of the accounts for a financial year by the Executive Engineer with respect to their condition, for each cemetery, to the Examiner of Public Works Accounts, who will consolidate the returns so received and render a general return to the local Government or Administration. The account will merely show the totals for each cemetery as taken from the Executive Engineer's accounts.

The reports sent to the Examiner should contain remarks, both by the Chaplain and Executive Engineer, as to the state of the tombs for which endowments have been made.

NOTE.—The foregoing rules are applicable to cenotaphs erected in church compounds, but the previous consent of the local Government to the construction of a cenotaph is in every case necessary.

PART V.

Rules regulating grants for the building of churches; the supply of church furniture; and for the payment of compensation for accommodation provided for soldiers in churches neither belonging to, nor rented by, Government.

RULE 1.—All State charges for churches (except those referred to in rule 21 (*b*) (2) which are debitable to "23—Ecclesiastical") in civil, military or State Railway stations are provided from Public Works funds from the ordinary grant for Imperial Works under "45—Civil Works."

RULE 2.—The provision of churches from Public Works funds is authorised under the limitations given in the following rules. All projects for original works in connection with churches in civil stations which require the administrative sanction of the Government of India should, under the Home Department orders Nos. 49—65, dated the 5th February 1907, be submitted by the ecclesiastical authorities to the local Government, which, after examining them, will transmit them with any remarks that it may desire to offer to the Government of India in the Department of Education for consideration. All proposals relating to the construction or alteration of churches in cantonments should, under the Home Department orders Nos. 58—71, dated the 18th February 1909, be submitted by the ecclesiastical authorities to the General Officer Commanding the Division or Independent Brigade within whose jurisdiction the cantonment is situated, who will forward them to the Director-General of Military Works when the cost of the work is less than Rs. 2,500 and to the Quartermaster-General in India when the cost exceeds Rs. 2,500. The Director-General will, except in cases which fall under rule 23A, submit proposals forwarded to him direct to the Department of Education after consulting the Quartermaster-General unofficially. In the cases of the larger cost the Quartermaster-General after satisfying himself of the necessity for the work proposed will, when the work is to be carried out by the Military Works Services, request the Director-General of Military Works to instruct his subordinate officers to forward the proposals, together with approximate estimates of their cost and the reports of the local military officers, to the local Government, which should then submit them for the consideration of the Government of India in the Department of Education. When the work is to be carried out by the Public Works Department, the Quartermaster-General will request the General Officer Commanding concerned to forward the proposals to the local Government, which, after examination, will transmit them, with any remarks it may desire to offer, to the Government of India in the Department of Education for consideration. Proposals in connection with churches in railway colonies should be submitted by the Managers or Agents of the railways concerned to the Railway Board for consideration.

MILITARY STATIONS.

RULE 3.—At all permanent military stations, churches will be provided by the Government for its Protestant and Roman Catholic European British-born soldiers on the scale laid down in rule 6.

NOTE.—The term "Protestant" includes members of the Church of England and of the established Church of Scotland, Presbyterians, Wesleyans, and such other denominations of Christians as may from time to time be included by the Government of India

RULE 4.—The amount of the Government grant for a Protestant church will in no case exceed such a sum as will suffice to provide a plain substantial building of the simplest ecclesiastical design, together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting architectural

decorations to the building should they desire to do so, and also of supplying additional furniture, including apparatus for lighting of a more costly description

NOTE.—On no account should Government funds be utilised for the erection of a reredos.

RULE 5.—The same principles will regulate the grant for Roman Catholic churches.

RULE 6.—The maximum number of seats to be provided will be calculated on the following scale :—

UNIT.	Church of England, Church of Scotland and other Protestant denominations recognised by the Government of India.	Roman Catholics.
Battalion of British Infantry	450	340
Head-quarters Wing, British Infantry... ...	250	190
Detached Wing, British Infantry	200	150
Regiment of British Cavalry	275	210
Battery of Royal Horse or Field Artillery ...	70	55
Garrison Company, Royal Artillery	65	50
Mountain Battery, Royal Artillery	50	35
Heavy Field Battery, Royal Artillery ...	45	35
Convalescent depôts and miscellaneous detachments, per section of 100 men.	45	35

NOTE.—These numbers include soldiers' families.

RULE 7.—Any provision that may be necessary may also be made for staff officers, officers of Indian Regiments, and, where no civil church exists, for European British-born subjects in the service of Government, or for railway servants in accordance with the scale and terms hereinafter prescribed for civil and railway stations respectively.

RULE 8.—As a rule, only one Protestant and one Roman Catholic church will be provided ; and where the number of sittings required for the troops according to the scale above given is very large, the size of the church may be regulated so as to allow of at least one-half of the troops attending service at one time.

RULE 9.—The Government grants for churches will be calculated on the following basis. The Executive Engineer shall prepare a ground plan, which shall afford—

(*a*) accommodation for the total congregation to be provided for according to the scale laid down in rules 6 and 7, and allowing six superficial feet per sitting;

(*b*) passages, chancel, vestry, porch of such moderate dimensions, as may be reasonable in each case, and verandahs where necessary;

(*c*) tower or belfry, as may be required according to the dimensions, general design, and locality of the building.

The maximum grant will be found by multiplying the cubic content of the approved design by a rate 15 per cent. in excess of the local rate per cubic foot for ordinary first class single-storied buildings of substantial construction, such as court-houses.

The cubic content of a building will be arrived at by multiplying the plinth areas of the different parts, such as main rooms, verandahs, tower, etc., by the heights from plinth to roof-level of these parts, and then by adding them together. In the case of a sloping roof the height will be measured to the mean height of the slope.

In addition to the above grant for the main building, the cost within reasonable limits of acquiring, laying out and enclosing the site, inclusive of roads, culverts, drains, latrines, compound wall, gates, well of an inexpensive kind, and any other subsidiary work which may be considered to be legitimate, may be authorised by the Government of India as a State charge.

CIVIL STATIONS.

RULE 10.—At the chief civil station of a district, where there are at least 25 European British-born subjects (as defined in section 4 (*i*) of the Criminal Procedure Code, 1898), Protestants or Roman Catholics, as the case may be, in

the general service of Government, and where no suitable church provision for them exists already, the Government will contribute towards church accommodation upon the following terms :—

(1) *Number of sittings required.*	(2) *Maximum Government grant.*
	Rs.
25	2,000
50	3,500
100	5,000
150	6,000
200	7,000
250	8,000
300	9 000
350	10,500
400	12,000
For any excess over ... 400	Rs. 30 per seat in excess.

NOTE.—(1) When the number of seats to be provided lies between any two numbers given in the table, the grant for the portion of the whole number of seats represented by the lower numerical figure in the table will be the grant shown against that figure, the rate per sitting for the excess number of seats over such lower figure being arrived at by dividing the difference between the maximum grant shown against the next higher figure and the said lower figure by the difference between the higher and lower figure. Thus for 110 seats the Government grant for 100 seats will be Rs. 5,000 and for the remaining 10 at the rate of $\frac{6,000-5,000}{150-100}$ = Rs. 20 per seat.

(2) As a rule, only one Protestant and one Roman Catholic church will be provided. In the case of Protestant churches accommodation will ordinarily only be provided for the number willing to attend the Church of England Service.

(3) In ascertaining the number of seats to be provided, women and children belonging to the families of European British-born subjects in the general service of Government, and pensioned soldiers and their families may be taken into account, two children being counted as one adult.

(4) In cases of stations where abnormal rates prevail, special application may be made to the Government of India for an increase to the grant given by the State, but no grant for more than 200 sittings will be made except at seats of Local Governments and Administrations, or at hill sanitaria. In the latter case, the number of European British-born subjects in Government service must exceed (without their families) 120 to warrant the grant for a church of greater accommodation than 200 sittings.

RULE 11.—No Government grant for a church in a civil station will be made until private subscriptions have been obtained, and then the grant will not exceed double the amount thus actually realized, the maximum figure in column 2 of the table above being in any case the extreme limit of the grant towards the scale of accommodation which stands opposite in column 1. And in no case will the Government grant be allowed until these contributions, together with the grant, amount to the estimated cost of the church.

RAILWAY STATIONS.

RULE 12.—Whenever there are, at any State railway station or depôt so situated that other church accommodation does not exist or is not available with reasonable convenience, at least 25 persons in the railway service who are of European descent, pure or mixed, retaining European habits and modes of life and professing the Christian religion, whether Protestant or Roman Catholic, churches will be provided by the Government for them in accordance with rules 4, 5 and 8; the number of sittings being calculated on the principle, *mutatis mutandis*, of rule 10, notes (2) and (3), and the grant being in conformity with rule 9.

RULE 13.—Whenever such separate churches are not required, church accommodation for any such persons may be provided in the plans of any church which is about to be erected at a military or civil station; but in the case of a church at a civil station, the restrictions in rule 10, note (4), and in rule 11, shall not apply in respect of the numbers of, and grants for, such persons.

RULE 14.—In cases where a State railway station or depôt is considered by the railway administration to be likely to increase, such addition may be made to the number of sittings, calculated as above provided, as the Railway Department may, in each case, sanction.

NOTE.—Rules 12 to 14 apply only to State railways worked by the State and in other cases when the State is in the position of the employer of labour.

RULE 15.—In the case of church accommodation for servants of a railway not worked by State agency and not falling within the note to rule 14, it will be within the discretion of the Board of Directors or other duly

empowered representative of the Company, with the approval of the Government of India, to provide funds for church accommodation under rules 12 to 14. In such cases the cost will be chargeable to the capital or revenue account of the railway as the circumstances of each case may suggest.

GENERAL.

RULE 16.—It is desirable, whenever such a course will not be attended by inconvenience, to combine the civil or railway with the military church of a station, the grant allowed for the church accommodation of the British troops or State railway servants before given being supplemented by a grant according to the scale shown in rules 10 and 11, or 12 to 15, as the case may be. In special cases buildings may be rented for divine service with the previous sanction of the Government of India.

RULE 17.—In addition to church accommodation as above prescribed, a house for the chaukidar or resident bearer may be provided. In cases, however, where the church is distant from the bazar, and where special grounds are shown, accommodation may be provided for other duly authorized servants; but such further accommodation will be limited to shelter for day use only. These houses should, where practicable, be adjoining to, and not within, the church compounds; but when within them, they should be erected in keeping with the other church buildings.

RULE 18.—Grants for ecclesiastical buildings will be sanctioned only by the Government of India in the Public Works Department.

RULE 19.—The scales of accommodation and expense for all churches above laid down are in no case to be exceeded without a reference to the Government of India.

RULE 20.—Church accommodation will not usually be provided at the expense of the State for non-official residents, either British-born Europeans or others, or for official residents other than British-born or State railway servants.

RULE 21.—When private contributions are combined with a Government grant towards building a church, the procedure to be adopted is as follows:—

(*a*) (1) Under ordinary circumstances the amount of private contributions being known, a definite design and estimate will be prepared by the Executive Engineer and submitted for sanction in the usual way, the limit by which the Executive Engineer will be guided in his designs being the aggregate of the Government grant according to the scales given in the preceding rules, and the amount of private contributions actually realised.

(2) Before the work is commenced, the amount of the private contributions must be paid into a Government treasury, or guaranteed by sufficient security, and carried to credit of deposits in the accounts of the department.

NOTE.—In the case of a grant from the Church Building Fund for the diocese of Calcutta a certificate instead of a cash payment in advance may be accepted, showing the amount of the contribution to be allowed. The conditions on which this certificate may be accepted are that in every case definite arrangements must be made with the local Government or Administration concerned respecting the precise date on which the contributions will be paid, and that, until the payment is made, the Government shall have a primary lien on the funds of the society. In case of any failure in paying up the stipulated payment on due date, the privilege herein allowed is to cease.

(3) In dealing with cases of this nature, the private contribution is to be looked upon as an addition to the Government grant, instead of the money allowed from public funds being considered as a grant-in-aid of private contributions, and the responsibility of officers of the Public Works Department or Military Works Services with respect to the preparation of estimates, and the construction of such buildings with reference to excess of expenditure over the estimate, will be as strictly enforced as where only public funds are expended.

NOTE.—In the case of State railways, the functions assigned in this and succeeding rules to the Executive Engineer will devolve on the manager.

(*b*) (1) In special cases, however, the Government grant for a church may, with the sanction of the Government of India, be treated as a grant-in-aid of private contributions raised for a church intended for the use of Government servants within the meaning of these rules or partly for the use of non-official residents or others for whom grants are not admissible under these rules.

(2) In such cases the plans and specifications shall be submitted to the Executive Engineer for the approval of the proper officers in the Public Works Department or Military Works Services, who shall sanction them on satisfying themselves that they are safe and suitable and can be executed for the estimated amount. The construction of the building may then be left to the managers or trustees of the private contributions raised, with whom must rest the responsibility for excess, if any, over the amount of this sanctioned estimate. The grant-in-aid will be paid by the civil department on the certificate of the Executive Engineer [*vide* rule 21 (*b*) (3) below], and adjusted as a civil charge under the head "23—Ecclesiastical," as stated in rule 1 above.

(3) In such cases the grant will ordinarily not be paid in full by the Civil account officer until the Executive Engineer has certified that the building has been completed in accordance with the sanctioned plans and specifications, and the trust deed referred to in clause (4) below, where required, has been duly executed ; but the Executive Engineer may authorize advances out of the sanctioned grant on receiving sufficient proof that the building is proceeding satisfactorily, and on the managers or trustees certifying that all subscriptions relied on in support of the application for the grant have been paid up in full or guaranteed by sufficient security.

(4) When a grant is made under clause (*b*) of this rule for a church intended partly for the use of non-official residents and others for whom grants are not admissible under these rules, there shall be a trust deed, duly executed by the Chief Magistrate of the district in which the church is situated and the chaplain and registered,—(1) declaring that the building is granted in trust for church purposes only; (2) giving to Government a prior lien on the building for the recovery of the grant in the event of the former being diverted to other purposes; (3) providing for the legal ownership of the building; and (4) indicating sufficient sources for its proper maintenance.

RULE 22.—In any case in which a church is built partly from private contributions and partly from a Government grant, the Government is entitled at any time to require that a proportion of the seats in the church, not exceeding the proportion which the Government grant bears to the whole expenditure incurred in building the church, shall be reserved for troops and other Government servants who may be allowed free seats under rule 27.

NOTE.—This rule does not apply to cases in which pewage reduced by the amount of interest calculated by 4 per cent. on the Government grant towards the cost of construction is paid on account of seats used by troops.

RULE 23.—The preceding rules shall apply, as far as may be, to the enlargement of existing churches.

RULE 23A.—Local Governments including the Director-General of Military Works are authorised to incur, when necessary, expenditure which is in excess of that permissible under, or is not covered by, the preceding rules up to a limit of Rs. 500 in each case, on the understanding that this sum represents the maximum aggregate expenditure which may be sanctioned by them for additions and alterations to any one church.

CHURCH FURNITURE.

RULE 24.—The supply of church furniture will be regulated by the following rules. All expenditure connected with the articles to be supplied by the Public Works Department will be provided for under the rules laid down for that purpose :—

(1) Each Protestant church, civil, railway or military (cathedrals excepted), will be supplied by the Public Works Department with the following articles of furniture, the cost of which will be allowed in addition to the grant for the building. The renewal and repair of such articles

will also be provided for by the Public Works Department subject to the conditions of rule 27 :—

	Maximum cost. Rs.
(*a*) Appliances to seat the congregation, and to allow them to kneel in decent comfort—	
Officers, per seat	5
„ „ stool or hassock	2
Soldiers, per seat	4
„ „ stool or hassock	1
(*b*) Communion table, each	45
„ rails per running foot	1
(*c*) Pulpit, each	200
(*d*) Reading desk and stool	60
(*e*) Font and cover	60
(*f*) Vestry almirah	45
„ table	12
Two vestry chairs, per pair...	10
(*g*) Two altar chairs	24
(*h*) Punkahs, complete, per running foot	2

(*i*) Lighting apparatus, per 100 seats	100
Candlesticks for pulpits, per set	40
„ for lectern	30
„ for reading desk	30
(*j*) Lectern	50
(*k*) One bell of reasonable size to summon the congregation to church, at a cost not exceeding Rs. 300, for a first class church (viz., those containing more than 400 sittings) and Rs. 200 for a second class church (viz., those containing not more than 400 sittings).	
(*l*) Chicks or bamboo blinds for doors and windows where absolutely necessary. (*m*) Matting where absolutely necessary for churches with terraced floors.	At market rates.

The "reading desk" should be simply a desk (however appropriately shaped) and not an enclosure, expensive from its size and occupying needless space.

(2) The civil department will provide the following articles of service on the Executive Engineer's certificate of the necessity of supply. The renewal and repair of such articles will also be provided for by the civil department, subject to the conditions of rule 27, and on the production of the Executive Engineer's certificate as to the necessity for the expenditure :—

	Rs.
*Suitable set of communion plate	150
A strong box to be made in India, which may be locally purchased, for the custody of the communion plate, and also for records	150
*Altar cover of red embroidered cloth	150
*Bibles and prayer-book for the clergyman	50
*Fair linen cloth and napkins for the communion service...	35
*Two service books for the communion table	30

*NOTE 1.—Where the congregation choose to contribute in order to procure any of these articles (or those mentioned in clause 1) of a richer design or material, the fixed grant may, if so desired, be paid to the chaplain, and the purchase of the articles left to his and their joint discretion.

NOTE 2.—The cost of re-gilding articles of plate supplied under clause 2, rule 24, will be met by the civil department, subject to the conditions of rule 27, and on the production of the Executive Engineer's certificate as to the necessity for the expenditure.

(3) In cathedrals of the Church of England, the renewal and repair of furniture and articles of service shall be provided out of the fixed monthly grants made by the civil department towards the maintenance of service, supplemented, if necessary, by contributions from the congregation.

(4) Each Roman Catholic church built by Government, civil, railway or military, will be supplied by the Public Works Department with the following articles of furniture, the cost of which will be allowed in addition

to the grant for the building. The renewal and repair of such articles will also be provided for by the Public Works Department, subject to the conditions of rule 27 :—

	Maximum cost. Rs.
(*a*) One bookstand	8
(*b*) One almirah for altar vestments, etc., at least 4 feet long by 2 feet 5 inches broad	45
(*c*) Three altar chairs for officiant and assistants ...	36
(*d*) One table and three chairs for the vestry	27
(*e*) One font and cover	60
(*f*) Seats and kneeling accommodation for the congregation—	
Officers, per seat	5
„ „ stool	2
Soldiers per seat	4
„ „ stool	1
(*g*) Altar table	45
(*h*) Communion rail, per running foot	4
(*i*) Pulpit, each	200
(*j*) Punkahs, where required, complete, per running foot ...	2
(*k*) Thermantidotes, where necessary	200
(*l*) Apparatus for lighting, per 100 seats	100
(*m*) One bell as in (*k*), clause 1.	
(*n*) Chicks or bamboo blinds for doors and windows where absolutely necessary.	At market rates.
(*o*) Matting, where absolutely necessary, for churches with terraced floors.	

A second altar table may be supplied to churches intended to accommodate more than 500 persons.

(5) The following articles of service will be supplied to Roman Catholic churches by the military department on the executive engineer's certificate of the necessity of original supply. The renewal and repair of such articles will also be provided for, subject to the conditions of rule 27, and on the production of the executive engineer's certificate as to the necessity for the expenditure. The articles required for churches at military stations will be supplied and repaired or renewed by the military department, and those for churches at civil and State railway stations by the civil department :—

	Rs.
(1) One tabernacle, inside covered with silk ...	150
(2) One pyx with silver cup, inside gilt	100
(3) One chalice	100
(4) One monstrance	180
(5) Six altar candlesticks and crucifix	180
(6) Two cruets and one plate	10
(7) One altar lamp	30
(8) One missal	25
(9) Altar canons (one set of three)	8
(10) Altar vestments of silk (five sets of the five colours)	300
(11) Two copes, one white and one black, or silk ...	120
(12) Humeral for benediction	30
(13) Alter linen, comprising albs, altar covers, communion cloth, etc.	80

NOTE —The cost of re-gilding articles of plate supplied under the foregoing rule will be met by the military or civil department, subject to the conditions of rule 27, and on the production of the executive engineer's certificate as to the necessity for the expenditure.

(6) Churches rented by Government or Government buildings set apart temporarily as churches, for the use of European troops or European-born subjects in the service of Government, or of State railway servants, should be supplied by the departments concerned (*vide* clauses 1, 2, 4 and 5) with such church furniture and articles of service as are absolutely necessary for the performance of divine service. The number and description of the articles to be supplied should be determined by a committee, consisting of the chaplain, the executive engineer, and the chief local magistrate. In the case of churches for troops or for State railway servants, the senior military officer, or the manager of the railway, will take the place of the chief local magistrate.

The articles of furniture and service should be of the plainest description unless there is under construction by Government a church for which church furniture and articles of service would have to be supplied under clauses 1, 2, 4 and 5.

Articles supplied for use in temporary churches should be returned into store when the building ceases to be used as a church, unless they are required for supply to a permanent church built by Government.

(7) All applications for funds for the supply to Roman Catholic churches of the articles of service mentioned in clause 5 should be submitted through the Roman Catholic Bishop of the diocese in which the church is situated.

(8) The following articles of furniture will be supplied by the Public Works Department for lych-gates of Government cemeteries :—

	Maximum cost.
	Rs.
Two benches at Rs. 9 each	18
One small table	12
Two chairs at Rs. 5 each	10
A wheeled bier	350

NOTE.—In stations where no hearse or other suitable means of conveyance are available, the use of the bier is permissible for the conveyance of the dead to the cemetery.

(9) While the rates shown in clauses (1), (2), (4), (5) and (8) of this rule should not ordinarily be exceeded, local Governments may sanction excess expenditure on particular articles of furniture, provided that the excess is covered by savings on other articles, the supply of which is admissible under the rules and for which definite rates have been fixed.

RULE 25.—The executive engineer will be guided, in granting the certificate alluded to in clauses 2 and 5 of rule 24, by the following principles :—

Class I, churches built by Government.—The certificate should state that the church was built by Government for the use of European troops or European British-born subjects in the service of Government, or of State railway servants, and is still maintained for the same purpose.

Class II, churches which have received building grants from Government.—The certificate should state that the church received a building grant of Rs.——, equal to the——part of the total cost of the building, and that the grant was made on account of European troops or European British-born subjects in the service of Government or of State railway servants, and that the building is still used by them,

For this class of churches a proportion of the standard cost of the articles of service will be sanctioned equal to the proportion of the grant-in-aid to the total cost of the building itself.

Class III, churches rented by Government and Government buildings temporarily set apart as churches.—The certificate should state that the building is wholly rented by Government or is a Government building temporarily set apart as a church for the use of European troops or European British-born subjects in the service of Government, or of State railway servants.

NOTE.—The required certificates should afford information as to when the article was originally supplied and by whom, and the reason for recommending its renewal. When, however, Government pay for the use of a certain varying number of seats in a church, the hire of the seats should include everything necessary for the performance of service.

RULE 26.—When a church, whether Protestant or Roman Catholic, is to be furnished, the executive engineer should communicate with the ecclesiastical authorities concerned with a view to afford the congregation an opportunity of furnishing the church by private subscriptions in more costly style, should they wish to do so. It is to be understood, however, that any article of furniture to which any public funds may have been applied will remain the sole property of Government, even though a portion of its cost may have been contributed by private persons. And in cases where articles of furniture are are procured from England, they should be purchased through the Secretary of State in the ordinary way, with the exception of articles to which note 1 to clause (2) of rule 24 applies, which may be purchased as therein allowed.

In cases in which articles of furniture supplied wholly or in part from Government funds are considered to have become obsolete or unsuitable, though not necessarily unserviceable, they may, with the previous approval of the local Government, be sold and the sale-proceeds utilized towards the cost of replacing them, provided always that sufficient private subscriptions are forthcoming to ensure the replacement of the old articles by new ones of greater value or more appropriate design.

RULE 27.—Government will not ordinarily undertake the cost of the renewal and repair of furniture and articles of service in churches which are not primarily intended for the accommodation of troops. Where pew rents are charged, the cost of such renewals and repairs will be met from the pew rent fund; where pew rents are not charged, it is expected that the cost will be met from contributions by private persons and members of the congregation. In churches in which a portion of the seats are actually reserved by Government for troops or other Government servants entitled to free seats, the Government will pay a share of the cost of renewals and repairs equal to the proportion which the number of seats so reserved bears to the whole number of seats in the church. Seats will be reserved by Government under this rule only for troops and military officers on duty with troops, and for such Government servants of the classes described in rule 10, and State Railway servants of the classes described in rule 12, as cannot afford to pay for seats. But all Government servants (other than troops and military officers on duty with them), who are in a position to pay for seats, will be liable to be charged pew rents.

RULE 28.—In cases in which articles of furniture belonging to a Government church are stolen, an immediate enquiry should be held in view to ascertaining whether the loss was caused through the neligence of the person responsible for the custody of such furniture. In the case of Protestant churches at civil or railway stations, the enquiry should be conducted by the chaplain and the members of the church committee; and in the case of Roman Catholic churches at such stations, by the chaplain in charge and the chief civil officer of the place, or such other person or persons as the chief civil officer may nominate for that purpose. As regards Protestant and Roman Catholic churches in cantonments, the investigation should be made by a committee assembled under the orders of the officer commanding, as is the case in respect of all other enquiries into loss of Government property, the chaplain in charge being invited either to be a member of the committee or to give evidence before it.

(2) If the result of the enquiry should be to show that the loss was occasioned by negligence on the part of the person responsible for the custody of the furniture, such person should, if possible, be required to make good the loss; or if it should appear that the loss was due to circumstances beyond the control of the responsible officer, then the Government of India will be prepared to consider an application for the replacement, at the public expense, of the articles stolen. Such application should be submitted through the ordinary channels, and should be accompanied by a full report of the enquiry.

RULE 29.—The care of church clocks is to be charged against the pew rent fund, where it exists. Where no such fund exists, the cost of maintaining the clocks will be borne by Government

RULE 30.—The pay of chaukidars of churches will be disbursed through chaplains.

RULE 31.—Anglican and Roman Catholic churches are under the control of the Bishop of the diocese in respect to the erection of tablets, ornaments, etc., while in course of construction, as well as after completion and consecration.

OWNERSHIP AND REPAIR OF CHURCHES.

RULE 32.—All churches built under these rules, except rule 21, clause (*b*), shall be considered the property of Government.

As a general rule, all churches, whether Protestant or Roman Catholic, which have in past times been built by Government, are the property of Government.

Churches whether built wholly by private contributions or by such contributions jointly with State grants, which have been borne for a series of years on the books of the Public Works Department or Military Works

Services and have been repaired and otherwise dealt with, unchallenged, as Government buildings, shall be deemed to be the property of Government.

Churches built wholly or in part by private contributions which have not been so borne, repaired or dealt with, but which may be taken over on behalf of Government, under sanction of competent authority, shall be brought on the books of the Public Works Department or Military Works Services as the property of Government.

RULE 33.—All churches which are the property of Government shall be in charge of the Executive Engineer, and shall be repaired under the ordinary rules of the Public Works Department.

In every case in which any alteration in a church belonging to Government, which affects its structure or its permanent fittings, may be desired by the chaplain or other clergy, the Executive Engineer must be consulted and his consent obtained in writing before the alteration is carried out.

COMPENSATION FOR ACCOMMODATION IN CHURCHES NEITHER BELONGING TO, NOR RENTED BY, GOVERNMENT.

RULE 34.—The rate of compensation for sittings for Protestant and Roman Catholic soldiers is fixed at Rs. 7 per seat per annum. Broken periods within the year shall be counted as a year; but when sittings are occupied consecutively for any period exceeding twelve months, payment will be made for the number of months in excess of the year for which the sittings are so occupied, at the rate fixed for the year.

NOTE 1.—The payment should, as far as possible, be regulated by the official year.

NOTE 2.—Whenever a church has been built with the aid of a grant from Government under rule 21 (*b*), the pewage otherwise admissible for seats occupied in that church will be reduced by the amount of interest calculated at 4 per cent on the sum contributed by Government towards the cost of its construction

RULE 35.—The number of sittings for which compensation is allowed will be regulated by the highest attendance at a parade service during the year of soldiers and their families (two children up to the age of 16 being counted as one adult) actually quartered in the station, subject to the following maximum limits :—

UNIT.	Church of England, Church of Scotland and other Protestant denominations recognised by the Government of India	Roman Catholics
Battalion of British Infantry	450	340
Head-quarters Wing, British Infantry	200	190
Detached Wing, British Infantry	200	150
Regiment of British Cavalry	275	210
Battery of Royal Horse or Field Artillery ...	70	55
Garrison Company, Royal Artillery	65	50
Mountain Battery, Royal Artillery	50	35
Heavy Field Battery, Royal Artillery	45	35
Convalescent depôts and miscellaneous detachments, per section of 100 men	45	35

NOTE.—These numbers include soldiers' families.

RULE 36.—Compensation may be charged for sittings provided for British-born commissioned and non-commissioned officers (including families) employed on the staff or with Indian regiments, in addition to the number of sittings for which compensation is admissible under rule 35.

RULE 37.—Compensation may, under the conditions of rule 34, be paid for Protestant or Roman Catholic State Railway servants for whom church accommodation has not been provided by Government; the number of sittings for which compensation may be allowed being regulated by the highest attendance on any one occasion during the year of railway servants and their families (two children up to 16 being taken as one adult) who are of European descent, pure or mixed, retaining European habits and modes of life and professing the Christian religion.

RULE 38.—Local Governments and Administrations are authorised to sanction the payment of compensation for sittings on the condition that the rules are strictly observed, and that all cases in which the application of the rules is doubtful are submitted for the orders of the Government of India. Applications for compensation must be supported by a certificate from the officer commanding the station or the manager of the railway of the number of soldiers or State railway servants and their families for whom accommodation has been obtained under rules 35, 36 and 37.

RULE 39.—The outlay will appear in the departmental budget estimates and accounts under head of Civil Buildings—Repairs.

Home Department Resolution Nos. 6-370-382 (Ecclesiastical), dated Simla, the 9th November 1876.

Read—

The Home Department Resolution Nos. 314 to 318, dated 6th October 1875, appointing a committee to report upon the following matters connected with ecclesiastical administration :—

(1) The framing of joint estimates for expenditure on cemeteries or churches by the executive engineer and clergyman in charge.

(2) A revision of establishments for cemeteries according to their area.

(3) The size of monuments and amount of ground that may be enclosed.

(4) Provision for planting cemeteries and preserving them in decent order.

(5) Mode of supply of certain articles of church furniture.

(6) The substitution of three for two classes of churches with respect to the expenditure allowed for them by Government.

Read—

The report of the committee, dated 29th October 1875.

RESOLUTION.—The report of the committee has been considered by the Governor-General in Council, who desires to express to the committee his satisfaction at the result of their labours.

The following rules have been approved relative to the subjects referred to the committee for report :—

1. Churches and cemeteries have already been divided into two classes—

(1) those in stations where there are military cantonments and the military works which are under the charge of the *Director-General of Military Works*; and (2) those in other military cantonments and civil stations.

Public Works Department No 486-A.G., dated the 18th July 1874.

In both classes of stations joint estimates* of expenditure should be framed annually by the undermentioned officers :—

(*a*) In the case of all expenditure, connected with establishments, *e.g.*, pay of servants; alterations in their pay or number; etc., also all expenditure by Government connected with the provision of articles of church furniture supplied by the civil department. } By the chief magistrate of the district and by the chaplain.

(Financial Department Resolution No. 87, dated the 9th January 1875.)

Funds for the above will be provided by the Civil Department.

(*b*) In the case of all expenditure connected with (*a*) repairs and addtions to church fabric, to church compound or cemetery walls, to church or cemetery gates, walks, wells, chaukidars or other church servants' houses, (*b*) provision of necessary appliances for graves or for the repair of tombs, or for the planting of trees and shrubs in cemeteries and keeping the same in decent order; also all expenditure by Government connected with the provision of articles of church furniture supplied by the Public Works Department. } By the executive engineer and by the chaplain.

(Financial Department Resolutions No. 87, dated the 9th January 1875; No. 2024, dated the 31st March 1875; and No 675, dated the 9th February 1876.)

Funds for the above will be provided by the Public Works Department.

* The estimates should be for the financial year, and should be prepared in advance as is prescribed for other budget estimates

NOTE.—Modifications of the original orders are shown in italics.

The estimates of expenditure to be prepared by the executive engineer and the chaplain should show distinctly the probable charge under each of the following heads :—

(I) New works connected with additions to existing churches and improvements to church compound.

(II) New supplies of furniture for churches and sanctioned articles of church use.

(III) New works connected with additions to existing burial-grounds.

(IV) Repairs to churches and church furniture and maintenance of church compound.

(V) Repairs to burial-grounds, to be executed by Public Works officers.

(VI) Repairs to burial-grounds, including planting and cleaning to be entrusted to the chaplain or chief civil or military officer of the station or cantonment, under paragraph 4.

It would be convenient if distinct estimates were prepared for each of these classes of expenditure,

The provision of funds to meet the charges above enumerated will be made in the budget estimate of the Public Works Department. The estimates for the same will be subject to the scrutiny of, and be passed by, the Superintending or Chief Engineer or Local Government or Administration, according to the rules in force in the Public Works Department.

The incidents of cost of burial-grounds is given in volume, I paragraph 829, of the Public Works Department Code, and provision will accordingly be made for such charges in the Imperial or Provincial Budget Estimates as the case may be.

2. The following scale of establishments should be maintained at all cemeteries :—

(I) For a cemetery of which the area is 5 acres or less, one mali-chaukidar ;

(II) For a cemetary of which the area is more than 5 and less than 10 acres, one mali-chaukidar and one assistant coolie ;

(III) For a cemetery of which the area is more than 10 and less than 15 acres, one mali-chaukidar and two assistant coolies ; and

(IV) For a cemetery of which the area is more than 15 acres, one mali-chaukidar and three assistant coolies.

Where the above scale of establishment is considered insufficient for preserving a cemetery in decent order, the local Government may, subject to the ordinary rules regulating its financial powers, sanction the employment (permanent or temporary) of an additional assistant coolie in each of the cases mentioned above.

It is left to the local Governments and Administrations to determine the proper wages to be given to each servant. *The charge will be included in the Civil Budget Estimate under Imperial or Provincial, as the case may be.*

* * * * * * *

4. No portion of the receipts from cemeteries and church compounds should be retained by any Government officer to be directly expended by himself ; all such receipts should be paid into the civil treasury to the credit of Government under " XXXI—Civil Works," Imperial or Provincial, as the case may be. But the amount passed upon the joint estimate framed by the executive engineer and chaplain to provide for planting a cemetery and preserving it in decent* order should be entrusted to the chaplain

* NOTE.—The term 'decent order' means that Government will provide for the ordinary planting of trees and shrubs and their up-keep, including reasonable expenditure on watering (including, when necessary, the employment of bullocks and attendants), necessary implements and plants. The outlay on operations, having for their object the ornamentation or embellishment of cemeteries or the maintenance of a high standard of gardening, should be met otherwise than from State funds.

where there is one. Where there is no resident chaplain, the amount should be placed at the disposal of the Chief Magistrate on the spot, or of the senior military officer if the cemetery is attached to a military cantonment. The necessary funds for the purpose will be advanced by the executive engineer concerned to the chaplain or civil or military officer. Bills for the expenditure should be rendered by the officer to whom the advance has been made, either monthly or otherwise, to the executive engineer, who will charge for the amount thereof in the usual way in his accounts. Until the bills are received and charged off, the advance will be placed in the miscellaneous advance account of the Executive Engineer. All planting of shrubs and trees* by private persons in cemeteries should be under the control of the chaplain if resident, otherwise under that of the Magistrate or senior military officer, as the case may be. When practicable, a well should be sunk in or near every cemetery.

* * * * * * *

5. It should be understood that the Government cannot provide cemeteries at the public expense for Native Christian communities.

NOTE.—Where their number is small the question is of little importance and is best arranged by mutual concessions or by special provisions made locally by the parties immediately concerned. And I am to suggest for His Lordship's consideration whether, if the necessity of dealing at the present time with this matter of Native Christian interment be in his judgment unavoidably established, it should not be carefully examined in consultation with the several local Governments, having regard to the diverse needs and circumstances of the population in each separate province.

Letter No. 364, dated the 9th November 1877.

Finance Department Resolution No. 2202 (Expenditure), dated Simla, the 15th August 1876.

Read certain papers relative to the reduction of minor charges on account of Church establishments in India.

RESOLUTION.—After consultation with the several local Governments and Administrations, it was decided in February 1875 to reduce the cost of church establishment in India. To carry out this decision, the scale of charges (shown in the margin) was fixed for general adoption, with the reservation that in some places somewhat higher charges might be allowed under exceptional circumstances; and that in the case of third class (non-military) churches, with fluctuating and very limited congregations, a moderate fixed allowance might be granted for lighting and sacramental elements. In accordance with this decision, the several local Governments and Administrations were requested to submit a fresh classification of military churches, and a scale of charges in accordance with the principles thus laid down.

First class (churches, the property of Government, containing more than 400 sittings at stations where there are European troops):—

		Rs.
1 clerk	...	12
1 chaukidar-bearer	...	6
1 water-carrier	...	5
1 sweeper	...	4
Lighting	...	20
Total	...	47 a month.

Second class (churches, the property of Government, containing less than 400 sittings at stations where there are European troops):—

		Rs.
1 chaukidar-bearer	...	5
1 sweeper	...	4
Lighting	...	10
Total	...	19 a month

Third class (churches, the property of Government, at stations with no troops, or with only Native troops):—

		Rs
1 chaukidar-bearer	...	5

2. After consideration of the reports called for, the Governor-General in Council is pleased to pass the following orders.

Home Department letter to the Ven'ble the Archdeacon of Calcutta, No. 110, dated 22nd May 1883.

In regard to churches and cemeteries situated within the limits of a military cantonment the Government of India have decided—

(1) that the chaplain is required to obtain the permission of the officer commanding the station before ordering a tree to be cut down in a cemetery or church compound situated within the limits of a cantonment;

(2) that the officer commanding the station may order a tree to be cut down in the cemetry or church compound without the chaplain's consent;

(3) that it rests with the chaplain to sell the trees cut down in the cemetery or church compound, the proceeds being paid in, as required by the standing rules, to the civil treasury to the credit of the Public Works Department; and

(4) that the consent of the Cantonment authorities should be obtained in respect of all repairs or alterations over which they may exercise control under Chapter VII of the Cantonment Code, 1912.

These orders, however, do not interfere with the duty of the chaplain to see that the cemetery is kept clean of rank vegetation, shrubs, and undergrowth which are not included under the designation of trees.

Home Department letter to the Ven'ble the Archdeacon of Calcutta, No. 144, dated the 26th June 1883

3. If a clerk is now employed in any second class military church he need not be dismissed; the full reduction of the establishment must await the occurrence of a vacancy.

4. In Madras, including Mysore, but excluding Berar, there are 56 churches,* and the cost of establishments on the scale laid down by the Government of India would amount to Rs. 700 a month as against a present charge of Rs. 1,917‡. The Government of Madras recommend, however, that the pay of chaukidar-bearers be fixed at Rs. 7 instead of Rs. 5 each a month; that an establishment of Rs. 47 a month be allowed to the church at Black Town; and that to five of the remaining thirty-six 3rd class non-military churches, the marginally-noted† special allowances be allowed. These proposals are approved with effect from 1st April 1877. A tabular statement showing the financial results of the measure, and including, as a temporary charge, the pay of such clerks as are now on the establishments of the 2nd class military churches, should be forwarded for formal sanction.

5. The Government of Bombay propose (1) to raise the pay of chaukidar-bearers; (2) to allow a peon to each chaplain; (3) to retain clerks for 2nd class military churches; (4) to do away with water-carriers and sweepers, and provide for the duties from the contingent allowance of Rs. 20 a month for lighting for 1st class churches; and (5) to allow a small contingent allowance to poor 3rd class non-military churches. The tabular statement submitted by the Bombay Government also shows other variations from the standard scale fixed in 1875. The Governor-General in Council regrets that he is unable to sanction peons for chaplains in Bombay; but he is pleased to sanction the following scale for adoption in the Bombay Presidency from 1st April 1877, with a request that a tabular statement showing the charges now made may be forwarded to Government for communication to the audit department:—

	1st class military churches.	2nd class military churches.	3rd class military churches.

A.—On the pay proposed by the Archdeacon of Bombay.

B.—A list of the poorer churches, for which a special contingent allowance is asked, should be entered in the tabular statement.

6. The proposal of the Government of Bengal in respect to the six military (1st class) churches, including the two within Fort William, for which the authorised allowance of Rs. 47 a month is considered to be sufficient, is sanctioned with effect from the 1st April 1876; Rs. 100 a month is also allowed for each of the four (3rd class) non-military presidency churches,‡ from 1st April 1877, for two years, subject to reconsideration at the end of that period; and an allowance of Rs. 55 a month is sanctioned for St. Stephen's Church, Kidderpore, and the church at Howrah, on the same terms. Considering the peculiar character of St. Andrew's Kirk in Calcutta and its use by the military, the recommendation of the Reverend Mr. Thomson for an allowance of Rs. 100 when there are two chaplains, and Rs. 185 a month when there is one, is approved from the same date. as* Rs. 32 a month for the care of the clock must be further established. The entire services of a competent native artisan could probably be secured for a much smaller sum.

7. In respect to the non-military (3rd class) churches in Bengal, the Governor-General in Council considers that the scale laid down in February 1875 should be more closely adhered to than is proposed by the Government of Bengal. The exceptional allowances there contemplated were intended only for churches with *fluctuating and limited congregations* and not for general adoption. The churches at Dacca, Cuttack, Berhampur, and other places do not appear to be of this class. His Excellency in Council desires, therefore, that the Government of Bengal will submit a tabular statement more in accordance with the scale laid down in February 1875. and showing the financial results of the arrangements now sanctioned for church establishments in Bengal.

8. The classification of churches, submitted by the Government of the North-Western Provinces, shows that there are 36† churches, the proposed cost for the establishment of which is Rs. 670. But it appears doubtful if this classification includes the Episcopalian and Presbyterian churches at Allahabad. This should now be made clear; and the church at Chunar should be ranked as a 3rd class (non-military) church, and not as a second class military church. The usual tabular statement should also be submitted showing the financial result of the charges now authorised with effect from the beginning of the next financial year.

†7 (1st class) military, including three Roman Catholic churches
14 (2nd class) military, including three Roman Catholic churches, and
15 (3rd class) non-military churches

9. There are 48 churches in the Punjab, and the cost of the establishments proposed for them is Rs. 878 a month. It is also recommended that Rs. 50 a month may be placed at the disposal of the Government of the Punjab for allotments when necessary to the poorer 3rd class (non-military) churches. The proposals of the Government of the Punjab are sanctioned with effect from 1st April 1877. The usual tabular statement should be submitted.

10. There are 15 churches in the Central Provinces, the cost of the establishment of which is Rs. 205 a month. Revised establishments as shown below are sanctioned for these churches, resulting in an increase of Rs. 17 a month over the existing charge:—

	Existing cost per mensem.	Now sanctioned per mensem.

11. The Chief Commissioner of British Burma submits a list of church establishments in that province, and recommends "that the establishments should be restricted to the scale fixed by the Government of India; but that the rates of pay should be in accordance with those which are customary throughout Burma, where the cost of living is greatly in excess of that of

In accordance with these recommendations the establishments noted below, which are in conformity with the scale laid down in February 1875, are sanctioned for the churches in British Burma with effect from 1st April 1877 :—

12. In addition to the higher rates of pay for chaukidar-bearers on account of the prevalent wages in the Hyderabad Assigned Districts, the Resident at Hyderabad proposes to add 8 peons at a cost of Rs. 56 a month to the authorised scale of church establishments. The Governor-General in Council regrets that he is unable to depart from the scale already fixed, but is pleased to sanction the other proposals as shown below from the beginning of the financial year :—

13. The list submitted by the Chief Commissioner of Oudh shows that there are only six churches in Oudh—three of the 1st and three of the 2nd class. The proposed classification of these churches is approved, with effect from 1st April 1877, with a request that a tabular statement may now be forwarded.

14. The Chief Commissioner of Assam states that there are in Assam six 3rd class non-military churches, and proposes to pay the chaukidar-bearers at Rs. 10 each a month, remarking that "this is the lowest salary on which a servant can be entertained to perform the above duties in this

province." The Governor-General in Council sanctions a chunkidar-bearer for each of the churches in Assam on the pay of Rs. 6 each a month from 1st April 1877, and requests that the usual tabular statement may now be forwarded.

NOTE I.—The Government of India authorise local Governments and Administrations to sanction higher rates of pay for church establishments, when the rates fixed in the above resolution are clearly inadequate

NOTE II.—Roman Catholic churches or chapels, which are the property of Government and which do not receive the allowances for establishment, lighting, etc., admissible under Army Regulations, India, Volume I, Article 395, are entitled to receive the allowances set forth in the Finance Department Resolution No. 2202 of the 15th August 1876.

NOTE III.—When a first class church receives only an allowance of Rs 23 a month under the military rules referred to in note II, it is entitled also to an allowance of Rs 24 a month from civil funds, which may be paid to the chaplain or priest in charge of the church

RESOLUTION.—Sanctioned. For the future the President in Council is pleased to empower local Governments to sanction church establishments within the limits fixed in Financial Resolution No. 2202, dated 15th August 1876, without reference to the Government of India, on the understanding that charges thus sanctioned will be entered in the monthly statements of charges locally sanctioned.

To—The Secretary to the Government of Madras

I AM directed to acknowledge your letter, dated the 2nd January 1877, No. 2, submitting, for approval, the proceedings of the Madras Government determining the proposed scale of establishment for the cathedral.

2. In reply, I am to say that the Governor-General in Council is pleased to fix a limit of Rs. 400 per mensem as the maximum grant towards the maintenance of the establishment of the cathedral, with effect from 1st April 1878.

No 9, dated the 9th January 1878,

From—J. O'KINEALY, Esq., Officiating Secretary to the Government of India, Home Department,
To—The Secretary to the Government of Bengal

WITH reference to paragraph 8 of your letter, dated the 5th February 1877, No, 376, regarding the establishment at St. Paul's Cathedral, Calcutta, I am directed to say that the Governor-General in Council is pleased to comply with the recommendation of His Honour the Lieutenant-Governor and sanctions the continuance of the Government grant of Rs. 400 per mensem at present made towards the maintenance of the cathedral establishment.

No. 11, dated the 9th January 1878.

From—J. O KINEALY, Esq., Officiating Secretary to the Government of India, Home Department,
To—The Secretary to the Government of Bombay, Ecclesiastical Department.

With reference to the correspondence ending with your letter, dated the 29th November last, No. 249, regarding the establishment at St. Thomas's Cathedral, Bombay, I am directed to observe that it appears from the papers submitted that the cost of the cathedral establishment and contingent charges amounts to Rs. 1,084, per mensem, and that the trustees of the

cathedral object to any reduction being made, holding that under the trust deed they have an indefeasible right to claim from Government both establishment and contingent charges on the existing scale.

2. The Governor-General in Council does not admit that the trustees alone have the power to decide the question at issue, but His Excellency in Council does not desire to press the matter, and leaves it to be settled by the Bombay Government on the most favourable terms which may be found possible.

3. I am to add that a maximum grant of Rs. 400 per mensem has been fixed for the Cathedrals at Calcutta and Madras.

Finance Department Resolution No. 4016, dated Simla, the 9th November 1881.

Read—

Office memorandum from the Military to the Home Department (Ecclesiastical), No 1618-S.D., dated the 17th October 1881, proposing a general rule to regulate the incidence of charges on account of clerical and menial establishments for religious services in connection with the troops.

The undersigned is desired to acknowledge the receipt of the docket from the Home Department, No. 75, dated 5th May 1881. on the subject of the provision of a clerical and menial establishment for Presbyterian religious service in connection with troops. The case in point is that of the 72nd Highlanders.

2. In reply he is to forward the correspondence marginally noted, and to suggest that as (in regard to the general question) there would seem to be some doubt as to the proper incidence of charges on account of such establishment, the present opportunity be taken to settle the question finally.

From the Adjutant-General in India, No. 2795B, dated the 29th June 1881.
From the Controller of Military Accounts, Bengal, No. 10642.

3. The present rule as regards Chaplains is understood to be as follows, viz.:—

The Church of England Chaplains and the church establishments are paid in the Civil Department, even though employed in a cantonment solely for the use of the troops.

The pay of the Roman Catholic Chaplains and of the Chapel establishments engaged in the service of the troops is borne by the Military Department.

The pay of Presbyterian Chaplains and of the church establishments at ordinary stations is borne by the Civil Department, but the pay of Presbyterian Chaplains with Highland regiments is a military charge.

4. It seems, therefore, to the Military Department right that the charge on account of establishments for the church services of Highland regiments should also be a military charge, when the Chaplain employed in the services is paid by the Military Department, and that in all other cases where there is a service performed for Presbyterian troops by a Civil Presbyterian, Wesleyan or other Chaplain, the charge for his services and any temporary establishment should be borne by the Civil Department.

5. The Military Department considers that the above would be a clearly defined rule which would prevent the mistakes which appear to have been made on more than one occasion in regard to the debit of such charges, and the undersigned is to recommend its adoption to the Home Department.

RESOLUTION.—The rule proposed in paragraph 4 is sanctioned.

APPENDIX B.

Home Department Resolution Nos. 2—275 to 287 (Ecclesiastical), dated Simla, the 8th September 1875.

Read the undermentioned correspondence relative to a proposed revision of the rules at present in force for the guidance of chaplains of the Church of England in regard to the burial of such persons as have laid violent hands upon themselves; and of those who, having been members of the Roman Catholic Church, have been refused burial by the priests of that church:—

From the Government of Fort St. George, No 142, dated 12th June 1874, and No. 203, dated 28th August 1874.

To the Solicitor to Government, No. 327, dated 22nd September 1874.

From the Solicitor to Government, No. 2 16, dated 26th September 1874.

From the Lord Bishop of Calcutta, dated 13th January 1875.

RESOLUTION.—The first question was raised by the refusal of the Reverend C. H. Deane, Chaplain of Bangalore, to read the funeral service over a person who was found by a court of inquest to have committed suicide while in a state of temporary insanity.

2. The subjoined letter from the Reverend C. H. Deane sets forth the ground of his refusal:

[a] To Mr. Knox, dated 2nd January 1874

"When I answered your memorandum about the interment of the remains of the late Sergeant Spiers of the 18th Hussars, I was not aware that he had committed suicide. If, as I understand, there is no doubt that he poisoned himself, I regret to say that I shall not be able to officiate at his funeral. The Rubric before the burial service distinctly forbids it to be used for any that 'have laid violent hands upon themselves,' so that I have no option in the matter. The grave will be ready at 5 P.M., but no service can be used."

3. The view taken of the question by the Right Reverend the Bishop of Madras is stated in the subjoined letter:†

†To the Chief Secretary to the Government of Fort St George, No 488, dated 24th March 1874.

"I am directed by the Right Reverend the Bishop of Madras to acknowledge your communication of the 17th ultimo, forwarding copy of a letter from the Deputy Adjutant-General, transmitting correspondence relative to the Reverend C. H. Deane's refusal to read the funeral service over the late Sergeant Spiers, 18th Hussars, who committed suicide.

"2. In reply I am desired to state that Mr. Deane seems to have been requested to perform the funeral without having been furnished with the customary death report or any intimation that it was a case of suicide.

"3. The Coroner's warrant in itself appears to be 'no more than a certificate that the body is not demanded by the law, and that therefore the relations may dispose of it as they please.'—(Wheatley on the Book of Common Prayer.) It does not, therefore, indicate the duty of a clergyman, or place him under legal obligation to give to a body Christian burial.

"4. In keeping with this view, the Government notification in *Fort St. George Gazette*, June 11th; 1850, page 623, when it intimates that 'the Reverend Chaplains will in future consider the warrant of the Coroner for the interment of a body on which an inquest has been held to be a sufficient authority for their performance of the burial service over it,' adds, 'if it would be their duty, under ordinary circumstances, to perform that service.'

"5. What is the duty of a clergyman when requested to bury a person who has committed suicide is to be ascertained partly from the Rubrics of our church, which are binding upon the clergy and have the force of law; and partly from the limitations of recognised legal commentators.

"6. The Rubric at the opening of 'the order for the burial of the dead forbids a clergyman to use that service for any that have laid violent hands upon themselves.'

"7. In Burn's 'Ecclesiastical Law' it is laid down: 'Of this sort [suicide] are to be understood not all who have procured death unto themselves, but who have done it voluntarily, and consequently have died in the commission of a mortal sin; and not idiots, lunatics, or persons otherwise of insane mind'

"8. In the same book it is also stated that 'the proper judges, whether persons who died of their own hands were out of their senses, are doubtless the Coroner's jury.'

"9. In the case under consideration it appears that the Reverend Mr. Deane having regard only to the Rubric and *foro conscientiæ* accounting himself responsible for the interpretation of it, refused to bury the corpse even when he knew that the Coroner's jury had returned a verdict of 'temporary insanity.'

"10. In this refusal, I am instructed to state that Mr. Deane has not, so far as the Bishop can ascertain, violated any law, but he has departed from a recognised custom in not accepting the verdict of the Coroner's jury as a justification for the using of the church's service over the remains of Sergeant Spiers.

"11. Mr. Cripps, in his 'Practical Treatise on the law relating to the Church and the Clergy' [Ed. 1869],* states: 'No case appears ever to have occurred in which a clergyman who has refused to bury the corpse of one who has committed suicide in insanity has been punished by the Ecclesiastical Law.' At the same time he adds: 'It must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment.'

* Page 793.

"12. In the absence of any court competent to visit with ecclesiastical punishment, the Bishop desires me to point out that it is very painful to a laborious and conscientious clergyman, such as Mr. Deane is, to deny the last offices of the church to one who has been under his spiritual charge, and it must, the Bishop thinks, be allowed that there was much in the circumstances of the present case to support the conclusion at which Mr. Deane arrived. I am, therefore, directed to say that His Lordship is disposed to take a lenient view of Mr. Deane's action, and the more so as those who are endeavouring to check the prevalence of intemperance in the army can ill-afford to lose any aid which a clergyman in the honest discharge of his duty can lawfully render."

4. The Government of Madras referred the whole correspondence for the information and orders of the Government of India.

5. The following brief statement of the English Law will be found sufficient for the present purpose:—By Common Law Christian persons are entitled to burial with the rites of the church. The Statutes passed from time to time for the uniformity of public worship have proceeded upon, though not expressly dealing with this state of things. The 68th of the Canons of 1603 recognises it and enjoins the clergy to act upon it. In that Canon occurs the exception of persons excommunicated for some grievous and notorious crime, and of whose repentance no testimony could be given. The Canons of 1603 are no part of the Statute Law, and it is only in a qualified sense that they are part of the law at all. But this Canon has been taken as truly expressing the ancient Common Law of the Church. The Books of Common Prayer have been embodied into the Statute Law by the various Acts of Uniformity and Rubrics are authoritative guides when they speak on the question when the services are or are not to be used.

Down to the year 1661 there was no Rubric forbidding the performance of the burial service over any persons except persons excommunicated. The Rubric now in force was framed in the year 1661 and received the force of law from the Uniformity Act of 1662. It prescribes that "the office is not to be used for persons unbaptised or excommunicated, or who have laid violent hands on themselves."

7. The question now is whether the expression "have laid violent hands on themselves" includes all who have committed the overt act of suicide, or only those who have done so deliberately being in their sound senses and in a state in which moral responsibility attaches to them.

8. In Mr. Cripps'* Treatise the following statement is made:—

* Page 793.

"The uniform practice, however, so far as it has been able to be ascertained is in accordance with the reasoning and opinion of Dr. Burn, and it must be doubtful whether a departure from a custom of such acknowledged propriety would not be visited with ecclesiastical punishment."

9. The opinion of Dr. Burn will be found in his work on Ecclesiastical Law, Volume 1, page 265. After referring to the ancient Canon which forbade Christian burial to those who violently put themselves to death, and stating that this rule was understood to apply to those who did the act voluntarily, Dr. Burn intimates that the Rubric should not be construed as

severer than the preceding Ecclesiastical Law, and therefore should not apply to persons of insane mind.

10. In the year 1809 the Court of Arches, speaking of the treatment of suicides, put it on the ground that they are supposed to die in the commission of mortal sin, and to have renounced Christianity. *Kemp* versus *Wickes*, 3 Phillimore, pp. 272, 273.

11. The Government of India have not been referred to, and do not know of any authority for holding that the words of the Rubric apply to persons who are not responsible for their actions. It is certain that the practice has not been to apply these words in that way.

12. Under the circumstances the Governor-General in Council comes to the following conclusions :—

(*a*) It is reasonable in this matter to regulate the conduct of clergymen of the Church of England, who serve the Government of India, by the law and practice of the Church of England.

(*b*) There is no authority for holding that the Rubric under consideration applies to those who have caused their own death when in a state of mental insanity. For holding the contrary there is the authority of commentators and of judicial *dicta*. There is also the much greater authority derived from a usage which is very widespread and long continued, if indeed it is not quite unbroken. Testing the question by reason, it is only reasonable to hold that the framers of this Rubric did not intend as regards the burial of suicides to alter the law and practice that they found in existence or to visit with what must be considered as an ecclesiastical penalty, an act for which the doer is not responsible.

(*c*) Sincere respect is due to the scruples felt by conscientious men in performing a service of extreme solemnity. Nevertheless, it would not be reasonable that such scruples should prevail against the ancient law and practice of the Church of England which has been handed down to the present time, and which plainly authorises the use of the burial service over persons who have caused their own death while in a state of insanity.

"(*d*) *In such cases when the burial service is required to be read, the chaplain of the station should, at the time that his services are requisitioned be furnished with a certificate under the hand of the District Magistrate, or in his absence the Magistrate of the next highest rank present, to the effect that he is satisfied that the deceased committed suicide while in a state of insanity. On receipt of such a certificate the chaplain will be bound to read the burial service.*"

13. The Governor-General in Council must therefore require from all clergymen connected with the Government their conformity to this ruling.

14. The next point for consideration is the rule requiring chaplains to read the funeral service over the bodies of persons who having died in the profession of the Roman Catholic faith, have been refused burial by the priests of that church. It is stated by the Bishops of Calcutta and Madras that the clergy of the Church of England look upon the rule as bearing hardly upon them, and they desire to have it reconsidered.

15. This rule was laid down in the year 1855 under the belief that the case was governed by positive law, viz., the 68th of the Canons of 1603. But on reconsideration of the matter the Governor-General in Council is of opinion—*1st*, that the Canon in question which is founded on the English parochial system cannot, for the purpose now under consideration, be applied to the very different circumstances of an Indian station; and, *2ndly*, that even if it were applicable, it would not prevent the Government from establishing a different rule of conduct for Indian chaplains if found expedient.

NOTE.—Modification of the original orders is shown in italics.

16. The Governor-General in Council further thinks that for the case now under review a different rule is expedient. The chaplain of an Indian station does not stand to the residents in the station in the relation which the person of an English parish bears to his parishioners. It was expressly so ruled by the Court of Directors in their despatch on this subject bearing date the 30th October 1844. Chaplains have been ordered to abstain from endeavours to influence the religious tenets of Roman Catholic soldiers, and in one case a chaplain was compelled to resign the service for persisting in such endeavours.

17. As regards the chaplains themselves, it does not seem consistent that they should be compelled to perform duties towards the corpse of a man whom, when living, they were forbidden to approach in any pastoral relation, and the Governor-General in Council admits that the dissatisfaction which the chaplains have felt with the order of 1855 rests on reasonable grounds.

18. As regards other persons, it can hardly be agreeable to the feelings of either Protestants or Roman Catholics that the chaplains should be called in to supply a service which the priest has refused. To Protestants it must seem that in so acting their church is lax and careless about the performance of its solemn rites. To Roman Catholics it can hardly be otherwise than offensive that a stranger, who, in their eyes has no authority, should effect to give to a member of their church what the recognised authority of that church has thought fit to withhold. And neither community can wish it on account of any advantage to the dead man; not Protestants, because the whole notion of such an advantage is contrary to their tenets; and not Roman Catholics, because they do not attribute any spiritual character to the chaplain.

19. For the above reasons the Governor-General in Council is pleased to revoke the order issued in the year 1855, and he will request the military authorities to make arrangements for the decent burial of Roman Catholic soldiers to whom the rites of their church have been refused by the priests.

Office memorandum from the Military Department, No. 810, dated the 16th November 1875, forwarding, for an expression of opinion, a draft General Order which His Excellency the Commander-in-Chief proposes to issue on the subject in accordance with the above rules.

RESOLUTION.—On a reconsideration of the subject, the Government of India think it necessary to modify the rules contained in the resolution of 8th September 1875, so far as regards the burial of deceased Roman Catholics. The Government of India have now decided—

1st, that at stations where there is a Roman Catholic priest drawing an allowance from Government, he shall be held bound to read the burial service over the body of every deceased Roman Catholic soldier brought for burial, unless he be excused from doing so by the Rubrics and Canons of the Roman Catholic church; and that when the Roman Catholic priest refuses to read the burial service over the body of a deceased Roman Catholic soldier, the military authorities shall make proper arrangements for the decent interment of the corpse;

2ndly, that where there is no Roman Catholic priest paid by the State the Protestant chaplain shall, if requested by the friends of the deceased, or by the Officer Commanding, be bound to bury the deceased according to the rites and ritual of the Church of England, except in either of the three cases in which Protestant chaplains in India are excused from burying a deceased Protestant, viz., dying unbaptised even by lay baptism; excommunicated by the major excommunication; or declared to be *felo de se*; and that when a Protestant chaplain refuses to officiate at the burial of a deceased Roman Catholic soldier, on either of the three abovementioned grounds, the military authorities shall, as in the case of refusal by a Roman Catholic priest, make proper arrangements for the decent interment of the corpse;

3rdly, that whenever, with or without furnishing any explanation of his reasons, a Roman Catholic priest paid by the State or a Protestant chaplain refuses to perform the funeral rites of his Church over the body of a deceased Roman Catholic soldier, the circumstances of the case should be fully reported by the Military authorities for the consideration and orders of the Government.

2. The Governor-General in Council is accordingly pleased to direct the modification in the above sense of the provisions of paragraphs 15 to 19 inclusive of the resolution. dated 8th September 1875.

NOTES.—(1) The expression "proper arrangements for the decent interment of the corpse" in rules 1 and 2 means that when both the Roman Catholic and Protestant chaplains refuse burial in a case of suicide by a Roman Catholic soldier whilst of unsound mind, the burial service should be read over the body by the Officer Commanding the deceased's company.

Letter to the Government of Madras, No. 347, dated the 31st October 1877.

(2) The intention of the passage "bound to bury the deceased according to the rites and ritual of the Church of England" in rule 2 is, that the service of the Church of England should be read over the body, if the Protestant chaplain is requested by the friends of the deceased to do so; but the rule does not in any way reimpose on Protestant chaplains the burden of reading the burial service over either soldiers or civilians to whom a Roman Catholic chaplain has refused burial. There is nothing to prevent a chaplain burying anyone if he chooses to do so, provided they are not unbaptised "even by lay baptism," excommunicated by the major excommunication, or declared to be *felo de se*, only the Protestant chaplain is no longer bound to do so.

Letter to the Government of Madras, No. 347, dated the 31st October 1877.

(3) The expression "unbaptised even by lay baptism" in rule 2 is equivalent to "unbaptised by either clerical or lay baptism." The meaning intended to be conveyed is that baptism, either by lay or clerical, is sufficient to prevent a person from being regarded as "unbaptised" for the purposes of the rule.

No. 3119.—The 23rd June 1913.—In exercise of the power conferred by sub-section (1) of section 3 of the Ancient Monuments Preservation Act, 1904 (VII of 1904), the Governor in Council is pleased to declare the ancient monuments in the district of Khulna, which are described in the following table, to be protected monuments within the meaning of that Act :—

No.	Villages in which monuments are situated.	Names of the monuments.	Boundaries of the monuments.	REMARKS.
1	Sundarghona, police-station Bagerhat.	Satgambuz ...	*North, East and South*—The cultivated lands of Asimuddi Shaik, Derajtulla Shaik, Erajtulla Shaik, Kefatulla Shaik, Ainuddi Shaik, Reajudi Shaik, Mofijuddi Shaik, Ukiluddi Shaik, Sefatulla Shaik, Abbas Shaik, Afajuddi Shaik, Meher Shaik, Chutu Shaik and Akam Shaik. *West*—District Board road.	The monument is situated on 2 bighas 8 cottahs and 6 chitaks of land within wire fencing put up by the Public Works Department and consists of a mosque with 77 domes and 4 minarets supported by 60 great stone pillars said to have been built by Khanjahan Ali.
2	Raubijoypur, police-station Bagerhat.	Khanjahan Ali's tomb.	*North and East*—Waste lands appertaining to the tomb in the possession of Alodali Fakir, Ahmad Ali Fakir, Hujjatali Fakir, Nurbakta Ali Fakir, Keramatali Fakir, Sadarali Fakir, Golap Ali Fakir, Chuttu Fakir and Kubbatali Fakir. *South*—The Thakurdighi and the *pacca* ghat attached to it and a *pacca* yard in front of the tomb and a footpath. *West*—Waste lands appertaining to the tomb in possession of Ahedali Fakir, Ahmad Ali Fakir, Hujjat Ali Fakir, Nurbakta Ali Fakir, Keramatali Fakir, Sadar Ali Fakir, Golapali Fakir, Chuttu Fakir and Kubbatali Fakir.	Both these tombs are situated within the same compound walls, measuring 220 feet long by 212 feet broad (east to west and north to south respectively) on 3 bighas 4 cottahs and 12 chitaks of land. Besides these two tombs there is a big cookshed on the west of the tombs. Some people believe this to have been the prayer-room at first.
3	Ditto ...	Pirali's tomb	Same as in No. 2, being situated side by side within the same compound.	

2. Any objections to the issue of the notification which are received by the undersigned within one month from the date on which copies of the notification are fixed up in conspicuous places on or near the said monuments will be taken into consideration.

NOTIFICATION.

No. 3110.—The 23rd June 1913.—In exercise of the power conferred by section 20 of the Press and Registration of Books Act, 1867 (XXV of 1867), read with sections 9, 11 and 18 of that Act, and in supersession of all previous notifications on the subject, the Governor in Council is pleased to make the following rules for carrying out the objects of the said Act:—

Rules.

1. In these rules—

"the Act" means the Press and Registration of Books Act, 1867 (XXV of 1867).

2. The following shall be the officers to whom, and the places at which deliveries of copies of books which are printed or published at the places respectively specified opposite thereto, shall be made in accordance with the provisions of section 9 of the Act:—

Places where printed or published.	Officers to whom delivery is to be made.	Places for delivery.
I. The town of Calcutta ...	The Inspector-General of Registration.	The Inspector-General's office.
II. The Sadar subdivision of a district.	The District Officer ...	The district office.
III. Any other subdivision ...	The Subdivisional Officer ...	The subdivisional office.

3. One copy of every volume of any book, part of division of a volume, and pamphlet, in any language and one copy of every sheet of music, map, chart or plan belonging thereto, printed or published at any place within the Presidency of Fort William in Bengal, shall be delivered to the officers and at the places specified in rule 2 within one calendar month from the day on which the book is first delivered out of the press by the printer thereof, with the exception of—

(*a*) any second or subsequent edition of the book in which no additions or alterations have been made, either in the letter-press or in the maps, book prints or other engravings belonging to the book [section 9, third paragraph, clause (*i*)],

(*b*) any periodical work published in conformity with the rules prescribed by section 5 of the Act (section 9, third paragraph, clause (*ii*)], and

(*c*) any books exempted (see Appendix) from the provisions of the Act by the Governor-General in Council under section 21 of the Act.

4. (*1*) An additional copy of every volume of any book, part or division of a volume, and pamphlet, in any language, and an additional copy of every sheet of music, map, chart, or plan belonging thereto, one copy of which has already been delivered under the provisions of rule 3 to one of the officers specified in that rule, shall, if so required by the Governor in Council within one calendar year from the day on which any such book is first delivered out of the press, be delivered to the same officer by the printer thereof, within one calendar month from the date of such requisition.

(*2*) Two such requisitions may be made by the Governor in Council within one calendar year from the day on which any such book is first delivered out of the press [section 9, first paragraph, clause (*b*)].

5. If the copies of books tendered for delivery are not tendered bound, sewed, or stitched together, and upon the best paper, finished and coloured in the same manner as the best copies thereof, as prescribed by section 9 of the Act, with the entire number of pages consecutively marked, and in cases of serial publications, when the previous numbers have not been delivered, the officer to whom delivery is tendered shall be at liberty to refuse to take delivery thereof.

6. The person who tenders copies of books for delivery under these rules shall at the same time give to the officer to whom the copies are tendered a certificate in the following form :—

"I, A.B., do hereby certify that the accompanying book was first delivered out of the press on the.....of.....A.D. 19

And I, A.B., do hereby further certify that the accompanying book is being delivered within one month from the date of the receipt of the requisition made by the Governor in Council on the..... of.....A.D. 19

(To be omitted, except in delivering a second or third copy on requisition by the Government.)

Signature of printer."

7. If the Inspector-General of Registration in Calcutta, or any District or Subdivisional Officer has reason to believe that any book has been printed within his jurisdiction, and that no copies of it have been delivered, as required by rule 3, within one calendar month from the day on which such book was first delivered out of the press, as prescribed by the Act, or if any officer to whom delivery of a book is tendered shall have reason to believe that the book tendered was not so tendered within one calendar month from the day on which such book was first delivered out of the press, he shall institute proceedings under section 16 of the Act. Similar action shall be taken if the publisher has failed to supply the printer with the maps, prints or engravings that are required in order to enable the printer to comply with section 9 of the Act.

8. On receipt of a copy of any book tendered for delivery under these rules the officer receiving such copy shall give to the person tendering delivery a receipt in the following form :—

"I, A.B., do hereby acknowledge to have received from C.D., the printer, one copy of the following book (*here enter such particulars of the Memorandum prescribed by section 18 of the Act as are applicable*), and I do hereby certify that the same is stated to have been first delivered out of the press on the..... of.....19 ,

[*or* that the requisition for a second or third copy made by the Governor in Council is stated to have been received on the..... of.....19 .]

Signature and designation of Officer.

9. All officers who received delivery of copies of books under these rules shall transmit such copies forthwith to the Bengal Library together with the certificate prescribed by rule 5.

10. The Bengal Library shall, until further notice, be the place in which all copies of books which are received in pursuance of clause (*a*) of the first paragraph of section 9 of the Act and rule 3 of these rules shall be deposited for the time being, in accordance with the provisions of section 11 of the Act.

11. The Bengal Library shall also, for the time being, be the place at which the catalogue of books prescribed by section 18 of the Act shall be kept for the Presidency of Bengal, subject to the control of the Governor in Council, and the catalogue shall be kept by the Bengal Librarian.

12. All books which are catalogued under section 18 of the Act shall remain in the Bengal Library for one year, and shall then be sent to the Imperial Library, to be kept in the portion of that Library which is devoted to the public.

APPENDIX.

[*See* RULE 3.]

List of books exempted by the Government of India under section 21 from the operation of the Act.

[Fifth publication.]

The 27th May 1913.

No. 6.—Notification.—The following draft of an amendment, which the Governor in Council intends to make, under section 11 of the Canals Act, 1864 (Bengal Act V of 1864), in the Rules for the Calcutta Canals and Tolly's Nala, issued under that section and published under Notification No. 29, dated the 24th May 1904, at pages 744-46, of Part I of the *Calcutta Gazette* of the 25th idem, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on the 9th July 1913, and any objection or suggestion, which may be received by the undersigned before that date, will be duly considered.

Draft Amendment.

For the last paragraph of rule 2 of the said Rules *substitute* the following:—

For vessels of Class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by twenty-seven, may, at the option of the employer of the vessel or the steamer (as the case may be) be taken as the maundage on which toll will be charged:

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPOINTMENT DEPARTMENT.

APPOINTMENT.

DARJEELING, THE 20TH JUNE 1913.

RESOLUTION No. 1311A.D.

THE Governor in Council is pleased to announce that the Secretary of State for India has had under his consideration the question of encouraging

officers of the Indian Services to undertake courses of legal study while on furlough with the object of being called to the Bar. The following privileges have been sanctioned by His Lordship :—

(1) A bonus of £25 shall be granted to an officer for each first class obtained in any of the four examinations comprising Part I, and a bonus of £50 for a first class in the Final examination, or Part II, of the examinations prescribed by the Council of Legal Education for a call to the Bar.

(2) An advance shall be made of all fees payable in connection with admission to one of the Inns of Court, and on call to the Bar the advance, reduced by the amount of any bonuses earned and paid, shall be recovered from the officer's salary on his return to duty in India, by twelve equal monthly instalments or by instalments of one-third of his monthly salary.

(3) As an inducement to read in the Chambers of a Barrister, a sum of £50, or half the fee actually paid, whichever is less, shall be granted as part reimbursement to any officer adopting this course, who can produce a certificate from such Barrister of due attention and application to study.

2. The system outlined above is confined to members of the Indian Civil Service and of the Judicial and Executive Branches of the Provincial Civil Service; and only officers who obtain a call to the Bar within fifteen years from the date of entering Government service will be eligible for these privileges.

ORDERED that the Resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 23rd June 1913.

Summary.—During the week under report rain fell nearly all over the province. The fall was heavy in Darjeeling and in parts of Jalpaiguri, Bakarganj, Rangpur and Chittagong and generally light to moderate elsewhere. Further damage to standing crops from the effects of the recent heavy rainfall is reported from Jessore, Midnapore, Hooghly, Howrah, Bogra, Tippera and Noakhali. Weeding of jute and sowing of *bhadoi* paddy is going on in the western districts. Preparation of lands for winter rice and transplantation thereof are in progress in some places. The average price of common rice for the province has slightly risen as compared with that of the previous week. Agricultural loans are being issued in the Chittagong Hill Tracts. Fodder is still reported to be scarce in parts of Midnapore, Jessore, Tippera and Noakhali. Cattle-disease is reported from five districts.

CALCUTTA,
The 23rd June 1913.

D. N. MOOKERJI,
for *Director of Agriculture, Bengal.*

The first column gives the normal or average district rainfall as determined from the observations of past years. The second column gives the actual district rainfall as determined from the actual rainfall of the month at the reporting stations in each district.

The third column expresses the ratio of the actual district rainfall of the past month to the normal rainfall as a percentage. The fourth column gives the same information as the third in a slightly different form, stating as a percentage how much the district rainfall of the month varied in excess or defect from the normal :—
